Dear Jim

We are writing to urge the Alcohol License Review Board **NOT** to approve the request for an alcohol license for the Bar/Arcade at 720 Williamson street.

We live on the 700 block of Jenifer street. We have owned our home for over 20 years and we cherish our neighborhood.

We are extremely concerned about the parking situation since we park on the street and there are very limited spaces. We are also concerned about late night noise in our residential neighborhood!

I think the business plan is suspect and that the gaming is just an angle to get their alcohol license approved and make money on alcohol.

What happens if the games are taken out or don't work out for one reason or another?

Another important issue is the **lack of decent food**. No grill at all? Not even bar food? Just pizza and pretzels?

We do not need a drinking establishment where the **police have to come and straighten things out at bar time.**

We don't need this anywhere in the city, much less our neighborhood.

Thank you for your attention to these points.
