To whom it may concern,

I applied for a bartending license about four weeks ago. I wasn't sure if I should put pending charges on my report, but I have taken a plea deal on a second OWI that was back in February. I am looking to meet with someone/ get this resolved as soon as possible. My sentencing for the plea deal is set for August 4th, 2025. Thank you again.

*Applebee's Grill & Bar:  
Ownership Updates*

Dear Sir/Madam:

We represent SBG Apple North VIII, LLC, d/b/a Applebee's Grill & Bar (the "Licensee") which is located at 4710 East Town Bl and holds "Class B" and Class "B" retail alcohol beverage licenses.

The legal entity that holds the license has not changed—it is the same limited liability company with the same federal employer identification number and other identifying characteristics. However, the ownership of that legal entity has changed. Accordingly, please find attached:

- Liquor/Beer License Application: Updated to reflect the new ownership, new agent, and new mailing address.
- Liquor/Beer Agent Form: Appointing a new agent.
- AB-100: Alcohol Beverage Questionnaire for Siyavoush Soleimani and Walter Salaverria
- Background Investigation Form
- Drivers licenses for the new ownership and new agent.
- Walter Salaverria's ServSafe Alcohol Certificate.

Note that, Walter Salaverria has spoken with Alderperson Sabrina V. Madison (District 17) regarding the updates and changes.

Lastly, this change in ownership is, in part, due to concerns with previous ownership. To that end, if there are any outstanding inspections, fees, or taxes that need to be paid prior to renewal or processing these changes, please let us know.

Please let us know if you have any questions or would like to discuss. I can be reached at (608) 284-2624 or [pconover@gklaw.com](mailto:pconover@gklaw.com).

## EXECUTIVE SUMMARY

### BACKGROUND

At its meeting on May 29, 2025, the Alcohol License Review Committee (ALRC) requested that the City Finance Department conduct a comprehensive compliance review of Cheba Hut to determine their adherence to the City of Madison General Ordinance (MGO) Sec. 38.05(10)(b). This ordinance stipulates that alcoholic beverage sales must constitute no more than 50% of a restaurant's total gross receipts. The ALRC requested that this financial audit review sales for the period of January 2023 through May 2025.

In addition, MGO Sec. 38.05(1) requires that a license, permit, or other formal authorization be obtained by any individual or organization intending to sell, manufacture, brew, rectify, or engage in any activity regulated under Wisconsin Statutes Chapter 125.

As part of the licensing process:

- All applications must be filed by April 15 of each year.
- The ALRC reviews and approves applications at its first meeting in June.
- Licenses and retail permits to sell alcoholic beverages expire on June 30 annually.

This audit was conducted in alignment with the ALRC's oversight responsibilities and the City's commitment to ensuring compliance with applicable ordinances and licensing conditions.

### OBJECTIVES

This engagement aims to determine whether Cheba Hut Restaurant complied with Madison General Ordinance 38.05(10)(b), which requires that no more than 50% of a restaurant's gross receipts derive from alcoholic beverage sales.

### SCOPE AND METHODOLOGY

The audit covered a period of 29 months ending May 31, 2025. Audit procedures included:

- Review of income statements and monthly sales reports.
- Analysis of POS itemized sales data.
- Reconciliation to bank statements and sales tax filings.
- Evaluation of internal controls over sales classification.
- Sampling of daily sales to verify the correct categorization of alcohol vs. food.

### FINDINGS

#### Compliance with the Madison General Ordinance (MGO)

Based on the financial and sales data provided by the establishments, the audit found that Cheba Hut was in compliance with the provisions of MGO Sec. 38.05(10)(b) throughout the entire review period. The business reported an overall alcoholic beverage sales ratio of 14.94% relative to its gross receipts, well below the 50% threshold required for restaurants.

#### Reconciliation of POS Total Sales to other Financial Records

The review of the financial statements, Point-of-Sale (POS) system reports, and supporting documentation revealed a discrepancy in the reported income figures, specifically, variances between POS sales data and the sales tax returns submitted to the City of Madison by one of the restaurant operators. This observation suggests a potential underreporting of taxable sales.

## RECOMMENDATIONS

The Alcohol License Review Committee (ALRC) and the Office of the City Attorney will determine the appropriate course of action to address these findings, in accordance with the protocols established under the Madison General Ordinance (MGO).

Note: See findings and recommendations beginning on page eight (8) for more detail.

## INTRODUCTION

Pursuant to City of Madison General Ordinance (MGO) Chapter 38.05(10)(b) and in support of the City's commitment to regulatory compliance, the Internal Audit Unit conducted a compliance review of one of its licensed restaurant establishments - Cheba Hut.

This audit was conducted in accordance with the Generally Accepted Government Auditing Standards (GAGAS) and the International Standards for the Professional Practice of Internal Auditing issued by the Institute of Internal Auditors (IIA). These standards require that audits be properly planned and executed to obtain sufficient and appropriate evidence to support the findings and conclusions, in alignment with the defined audit objectives. This report presents the findings and conclusions derived from the audit work performed, including any control or procedural deficiencies determined to be significant in the context of ordinance compliance. Please note that the report does not reflect or incorporate any findings or assessments from external agencies.

## BACKGROUND

As requested by the Alcohol License Review Committee (ALRC), the Internal Audit Unit has conducted a comprehensive compliance review of Cheba Hut—to assess adherence to the City of Madison General Ordinance (MGO) Sec. 38.05(10)(b). This ordinance stipulates that, for any business licensed as a restaurant, alcoholic beverage sales must not exceed 50% of total gross receipts.

In accordance with MGO Sec. 38.05(1), a license, permit, or other formal authorization must be obtained by any individual or organization intending to sell, manufacture, rectify, or brew alcohol, or to engage in any activity regulated under Wisconsin Statutes Chapter 125.

Applications for such licenses are filed through the Office of the City Clerk (as amended by ORD-18-00001, effective January 10, 2018). The City Clerk provides specific application forms for each license type or amendment, which must be completed and signed by the applicant. Each application is required to include, at a minimum, the following information:

1. The address of the building for which the license is desired, and the description includes the overall dimensions, seating arrangements, capacity, bar size of the premises therein, and any outside areas where alcohol beverages are to be sold (Am. by Ord. 9719, 3-2-89).
2. A statement that the applicant is an individual or a domestic corporation. Where the applicant is a limited liability company, the identity of the company members, managers and agent. (Am. by Ord. 10,883, Adopted 4-5-94).
3. A statement that the applicant has resided continuously in Wisconsin for not less than ninety (90) days prior to the date of such application.
4. A statement as to whether applicants have ever been convicted of a felony or of a violation of any Federal or State act, or ordinance of the City of Madison, regulating or prohibiting the sale of intoxicating or non-intoxicating liquor, and if so, the number and dates of such convictions and the penalty imposed.
5. A statement as to whether the applicant holds or has applied for any other Class A or Class B licenses for any other location within the State and, if so, the number of such licenses held or applied for by such applicant.
6. A statement as to whether any other business other than the sale of alcohol beverages as herein defined is to be conducted on the premises ought to be licensed, and if so a description of the nature of such business.

7. A statement that the applicant is not acting as agent for or in the employ of another.
8. If the application be for an operator's license, it shall state the age and sex of the applicant.
9. A statement as to whether any brewer, bottler, wholesaler, or corporation, a majority of whose stock, or if the entity is a limited liability company, a majority of which is owned by any brewer, bottler or wholesaler, has or intends to supply, furnish, lease, give, pay for, or take any chattel mortgage on any furniture, fixture, fittings, or equipment to be used in or about the premises covered by the application. (Am. by Ord. 10,883, Adopted 4-5-94).
10. A statement as to whether any brewer, bottler or wholesaler has advanced, paid or furnished the money for license fee, or intends to do so.
11. A statement as to whether any brewer, bottler, or wholesaler is financially interested in, directly or indirectly, the license for which application is made.

This regulatory framework supports the City's oversight of alcohol licensing and ensures businesses operate within the bounds of the law.

All license applications must be filed with the City Clerk's Office on or before April 15 of each year. Applications are subsequently reviewed and approved by the Alcohol License Review Committee (ALRC) during its first meeting in June.

While the City Clerk may conditionally accept late renewal applications, any application that contains deficiencies or fails to meet the required criteria will not be forwarded to the ALRC or the Common Council for consideration until all deficiencies are resolved.

In accordance with the ordinance, a late filing fee of \$250 must be paid prior to the Common Council granting a license in the following circumstances:

1. For each renewal application received after April 15, and
2. For each application in which deficiencies are corrected after April 15.

This late fee is intended to recover the administrative costs incurred in processing noncompliant applications. However, payment of the late fee does not exempt an applicant from any additional penalties prescribed by the ordinance for failing to obtain or maintain a valid license.

All licenses and retail permits to sell alcoholic beverages in the City of Madison expire on June 30 of each year.

## SCOPE

The scope of this audit was limited to reviewing business activities related to the sale of alcoholic beverages, with a specific focus on evaluating each establishment's compliance with the Madison General Ordinance (MGO) Sec. 38.05(10)(b).

The audit covered the period from January 1, 2023, through May 31, 2025, providing a comprehensive twenty-nine-month review window. This timeframe allowed the Internal Audit Unit to:

- Assess historical sales data
- Identify potential patterns or trends in alcohol sales

- Evaluate the impact of past practices on current compliance
- Determine whether alcohol sales exceeded the 50% gross receipts threshold during any part of the review period

This focused scope ensured that the audit findings were relevant, timely, and aligned with the ordinance's intent to maintain appropriate licensing standards for establishments operating as a restaurant.

## AUDIT OBJECTIVES AND METHODOLOGY

The primary objective of this audit engagement was to determine whether Cheba Hut restaurant complied with the requirements of Madison General Ordinance (MGO) Sec. 38.05(10)(b), which mandates that no more than 50% of a restaurant's gross receipts may be derived from the sale of alcoholic beverages.

To support this objective, the audit focused on assessing the effectiveness of operations and compliance controls within the following key areas:

### 1. Revenue Classification and Reporting Accuracy

- Verification of how sales were categorized between alcoholic and non-alcoholic items
- Review of consistency between financial statements, POS data, and tax records

### 2. Sales Tracking and Reconciliation

- Analysis of Point-of-Sale (POS) reports to ensure an accurate recording of daily sales by category
- Reconciliation of POS records to bank statements and general ledger data

### 3. Compliance Monitoring

- Determination of whether each restaurant continuously monitored its alcohol sales ratio
- Review of efforts to correct or maintain compliance over the review period

This structured approach allowed the Internal Audit Unit to form a well-supported conclusion on each establishment's level of compliance with the ordinance.

The Internal Audit conducted interviews with stakeholders and performed reviews of requested documents to determine if:

1. Financial records were obtained from the owners and analyzed to confirm consistency across all sources. The following procedures were implemented to ensure consistency across all sources:
  - Reviewing monthly income or annual income statements (Jan 2023 to May 2025) and sales tax returns for the audit period (2023 and 2024).
  - Reviewing POS (Point of Sale) system reports detailing sales by category (alcohol, food, non-alcoholic beverages).
  - Reviewing bank statements and deposit records.
  - Reviewing general ledger or trial balance (where applicable).
2. Analytical procedures were performed on the financial documents received to substantiate the validity of the financial records:
  - Comparing monthly trends in alcohol vs. food sales to identify spikes or anomalies.
  - Calculating the percentage of alcohol sales to gross receipts (total sales) for each period.
  - Selecting a sample of daily or weekly sales reports and reconciling totals to bank deposits.
  - Matching POS alcohol sales with liquor purchase records to verify reasonableness.
  - Verifying that any "bundled" promotions (e.g., drink + meal) are appropriately split in the accounting records.

3. The Internal Audit unit performed other tests for revenue classification accuracy. The tests performed included:
  - Selecting a sample of daily sales reports and trace to POS data to confirm correct classification of items (e.g., ensuring beer/wine/liquor are recorded under alcohol).
  - Checking whether combo meals or discounting schemes misallocate revenue (e.g., improperly assigning alcohol revenue to food).
4. Reconcile Records:
  - Reconciling total sales from POS systems to bank deposits and financial statements.
  - Investigating discrepancies or unrecorded cash sales (where applicable).

The following section contains a detailed listing of each audit finding and applicable internal audit recommendations.

(This Section Was Intentionally Left Blank)

## FINDINGS AND RECOMMENDATIONS

### Reference 1: Compliance with the Madison General Ordinance (MGO)

#### Finding

To assess compliance with Madison General Ordinance (MGO) Sec. 38.05(10)(b), the Internal Audit Unit reviewed financial records submitted by each establishment for the audit period, including:

- Point-of-Sale (POS) reports
- Sales Tax Returns
- Monthly Income Statements

Based on our analysis of the financial and sales data provided by the establishments, we observed that Cheba Hut demonstrated compliance with the provisions of MGO Sec. 38.05(10)(b) by maintaining alcoholic beverage sales at less than 50% of its total gross receipts in each month reviewed. The average percentage of alcohol sales relative to gross receipts over the twenty-nine-month period was 14.94%, well below the regulatory threshold.

The table below summarizes Cheba Hut's monthly alcoholic beverage sales as a percentage of gross receipts:

**Reference 2: Reconciliation of POS Total Sales to other Financial Records.*****Finding***

As part of our review, the Internal Audit Unit examined the financial statements, Point-of-Sale (POS) system reports, and supporting documentation submitted Cheba Hut restaurant for the audit period to confirm consistency and accuracy across all sources.

During this review, we identified discrepancies in reported income figures—specifically, variances between POS sales data and the sales tax returns submitted to the City of Madison by the restaurant operators. This observation suggests a potential underreporting of taxable sales.

While this issue falls outside the originally defined scope of this audit engagement (focused on compliance with MGO Sec. 38.05(10)(b)), it is being disclosed in this report to ensure compliance with the Institute of Internal Auditor Professional Practice Framework (IPPF) and Standards. Accordingly, this matter has been referred to the appropriate City and State agencies responsible for overseeing sales tax reporting and compliance through the ALRC in a separate memo for further investigation and resolution.

***Recommendation***

The potential underreporting of taxable sales has been referred to by the appropriate City and State agencies for further review to determine whether restaurant operators may be deliberately understating their income to reduce their reported taxable sales.

## CONCLUSION

To the best of our knowledge and based on the information and documentation made available during the audit, the findings outlined above represent a fair and accurate assessment of sales activity and revenue classification for Cheba Hut.

As of the conclusion of this review, this establishment is currently in compliance with the requirements of Madison General Ordinance (MGO) Sec. 38.05(10)(b), which limits alcoholic beverage sales to no more than 50% of a restaurant's gross receipts.

## EXECUTIVE SUMMARY

### BACKGROUND

At its meeting on May 29, 2025, the Alcohol License Review Committee (ALRC) requested that the City Finance Department conduct a comprehensive compliance review of 7 Iron Social to determine their adherence to the City of Madison General Ordinance (MGO) Sec. 38.05(10)(b). This ordinance stipulates that alcoholic beverage sales must constitute no more than 50% of a restaurant's total gross receipts. The ALRC requested that this financial audit review sales for the period of January 2023 through May 2025.

In addition, MGO Sec. 38.05(1) requires that a license, permit, or other formal authorization be obtained by any individual or organization intending to sell, manufacture, brew, rectify, or engage in any activity regulated under Wisconsin Statutes Chapter 125.

As part of the licensing process:

- All applications must be filed by April 15 of each year.
- The ALRC reviews and approves applications at its first meeting in June.
- Licenses and retail permits to sell alcoholic beverages expire on June 30 annually.

This audit was conducted in alignment with the ALRC's oversight responsibilities and the City's commitment to ensuring compliance with applicable ordinances and licensing conditions.

### OBJECTIVES

This engagement aims to determine whether 7 Iron Social Restaurant complied with Madison General Ordinance 38.05(10)(b), which requires that no more than 50% of a restaurant's gross receipts derive from alcoholic beverage sales.

### SCOPE AND METHODOLOGY

The audit covered a period of 29 months ending May 31, 2025. Audit procedures included:

- Review of income statements and monthly sales reports.
- Analysis of POS itemized sales data.
- Reconciliation to bank statements and sales tax filings.
- Evaluation of internal controls over sales classification.
- Sampling of daily sales to verify the correct categorization of alcohol vs. food.

### FINDINGS

#### Compliance with the Madison General Ordinance (MGO)

Based on the financial and sales data provided, we observed that 7 Iron Social exceeded the alcohol to food sales ratio required under MGO Sec. 38.05(10)(b) during 11 of the 29 months of the review period. The cumulative alcohol-to-gross receipts ratio over the entire 29-month review period was 48.46%.

### RECOMMENDATIONS

The Alcohol License Review Committee (ALRC) and the Office of the City Attorney will determine the appropriate course of action to address these findings, in accordance with the protocols established under the Madison General Ordinance (MGO).

Note: See findings on page seven (7) for more detail.

## INTRODUCTION

Pursuant to City of Madison General Ordinance (MGO) Chapter 38.05(10)(b) and in support of the City's commitment to regulatory compliance, the Internal Audit Unit conducted a compliance review of one of its licensed restaurant establishments - 7 Iron Social.

This audit was conducted in accordance with the Generally Accepted Government Auditing Standards (GAGAS) and the International Standards for the Professional Practice of Internal Auditing issued by the Institute of Internal Auditors (IIA). These standards require that audits be properly planned and executed to obtain sufficient and appropriate evidence to support the findings and conclusions, in alignment with the defined audit objectives. This report presents the findings and conclusions derived from the audit work performed, including any control or procedural deficiencies determined to be significant in the context of ordinance compliance. Please note that the report does not reflect or incorporate any findings or assessments from external agencies.

## BACKGROUND

As requested by the Alcohol License Review Committee (ALRC), the Internal Audit Unit has conducted a comprehensive compliance review of 7 Iron Social—to assess adherence to the City of Madison General Ordinance (MGO) Sec. 38.05(10)(b). This ordinance stipulates that, for any business licensed as a restaurant, alcoholic beverage sales must not exceed 50% of total gross receipts.

In accordance with MGO Sec. 38.05(1), a license, permit, or other formal authorization must be obtained by any individual or organization intending to sell, manufacture, rectify, or brew alcohol, or to engage in any activity regulated under Wisconsin Statutes Chapter 125.

Applications for such licenses are filed through the Office of the City Clerk (as amended by ORD-18-00001, effective January 10, 2018). The City Clerk provides specific application forms for each license type or amendment, which must be completed and signed by the applicant. Each application is required to include, at a minimum, the following information:

1. The address of the building for which the license is desired, and the description includes the overall dimensions, seating arrangements, capacity, bar size of the premises therein, and any outside areas where alcohol beverages are to be sold (Am. by Ord. 9719, 3-2-89).
2. A statement that the applicant is an individual or a domestic corporation. Where the applicant is a limited liability company, the identity of the company members, managers and agent. (Am. by Ord. 10,883, Adopted 4-5-94).
3. A statement that the applicant has resided continuously in Wisconsin for not less than ninety (90) days prior to the date of such application.
4. A statement as to whether applicants have ever been convicted of a felony or of a violation of any Federal or State act, or ordinance of the City of Madison, regulating or prohibiting the sale of intoxicating or non-intoxicating liquor, and if so, the number and dates of such convictions and the penalty imposed.
5. A statement as to whether the applicant holds or has applied for any other Class A or Class B licenses for any other location within the State and, if so, the number of such licenses held or applied for by such applicant.
6. A statement as to whether any other business other than the sale of alcohol beverages as herein defined is to be conducted on the premises ought to be licensed, and if so a description of the nature of such business.

7. A statement that the applicant is not acting as agent for or in the employ of another.
8. If the application be for an operator's license, it shall state the age and sex of the applicant.
9. A statement as to whether any brewer, bottler, wholesaler, or corporation, a majority of whose stock, or if the entity is a limited liability company, a majority of which is owned by any brewer, bottler or wholesaler, has or intends to supply, furnish, lease, give, pay for, or take any chattel mortgage on any furniture, fixture, fittings, or equipment to be used in or about the premises covered by the application. (Am. by Ord. 10,883, Adopted 4-5-94).
10. A statement as to whether any brewer, bottler or wholesaler has advanced, paid or furnished the money for license fee, or intends to do so.
11. A statement as to whether any brewer, bottler, or wholesaler is financially interested in, directly or indirectly, the license for which application is made.

This regulatory framework supports the City's oversight of alcohol licensing and ensures businesses operate within the bounds of the law.

All license applications must be filed with the City Clerk's Office on or before April 15 of each year. Applications are subsequently reviewed and approved by the Alcohol License Review Committee (ALRC) during its first meeting in June.

While the City Clerk may conditionally accept late renewal applications, any application that contains deficiencies or fails to meet the required criteria will not be forwarded to the ALRC or the Common Council for consideration until all deficiencies are resolved.

In accordance with the ordinance, a late filing fee of \$250 must be paid prior to the Common Council granting a license in the following circumstances:

1. For each renewal application received after April 15, and
2. For each application in which deficiencies are corrected after April 15.

This late fee is intended to recover the administrative costs incurred in processing noncompliant applications. However, payment of the late fee does not exempt an applicant from any additional penalties prescribed by the ordinance for failing to obtain or maintain a valid license.

All licenses and retail permits to sell alcoholic beverages in the City of Madison expire on June 30 of each year.

## SCOPE

The scope of this audit was limited to reviewing business activities related to the sale of alcoholic beverages, with a specific focus on evaluating each establishment's compliance with the Madison General Ordinance (MGO) Sec. 38.05(10)(b).

The audit covered the period from January 1, 2023, through May 31, 2025, providing a comprehensive twenty-nine-month review window. This timeframe allowed the Internal Audit Unit to:

- Assess historical sales data
- Identify potential patterns or trends in alcohol sales

- Evaluate the impact of past practices on current compliance
- Determine whether alcohol sales exceeded the 50% gross receipts threshold during any part of the review period

This focused scope ensured that the audit findings were relevant, timely, and aligned with the ordinance's intent to maintain appropriate licensing standards for establishments operating as a restaurant.

## AUDIT OBJECTIVES AND METHODOLOGY

The primary objective of this audit engagement was to determine whether 7 Iron Social Restaurant complied with the requirements of Madison General Ordinance (MGO) Sec. 38.05(10)(b), which mandates that no more than 50% of a restaurant's gross receipts may be derived from the sale of alcoholic beverages.

To support this objective, the audit focused on assessing the effectiveness of operations and compliance controls within the following key areas:

### 1. Revenue Classification and Reporting Accuracy

- Verification of how sales were categorized between alcoholic and non-alcoholic items
- Review of consistency between financial statements, POS data, and tax records

### 2. Sales Tracking and Reconciliation

- Analysis of Point-of-Sale (POS) reports to ensure an accurate recording of daily sales by category
- Reconciliation of POS records to bank statements and general ledger data

### 3. Compliance Monitoring

- Determination of whether each restaurant continuously monitored its alcohol sales ratio
- Review of efforts to correct or maintain compliance over the review period

This structured approach allowed the Internal Audit Unit to form a well-supported conclusion on each establishment's level of compliance with the ordinance.

The Internal Audit conducted interviews with stakeholders and performed reviews of requested documents to determine if:

1. Financial records were obtained from the owners and analyzed to confirm consistency across all sources. The following procedures were implemented to ensure consistency across all sources:
  - Reviewing monthly income or annual income statements (Jan 2023 to May 2025) and sales tax returns for the audit period (2023 and 2024).
  - Reviewing POS (Point of Sale) system reports detailing sales by category (alcohol, food, non-alcoholic beverages).
  - Reviewing bank statements and deposit records.
  - Reviewing general ledger or trial balance (where applicable).
2. Analytical procedures were performed on the financial documents received to substantiate the validity of the financial records:
  - Comparing monthly trends in alcohol vs. food sales to identify spikes or anomalies.
  - Calculating the percentage of alcohol sales to gross receipts (total sales) for each period.
  - Selecting a sample of daily or weekly sales reports and reconciling totals to bank deposits.
  - Matching POS alcohol sales with liquor purchase records to verify reasonableness.
  - Verifying that any "bundled" promotions (e.g., drink + meal) are appropriately split in the accounting records.

3. The Internal Audit unit performed other tests for revenue classification accuracy. The tests performed included:
  - Selecting a sample of daily sales reports and trace to POS data to confirm correct classification of items (e.g., ensuring beer/wine/liquor are recorded under alcohol).
  - Checking whether combo meals or discounting schemes misallocate revenue (e.g., improperly assigning alcohol revenue to food).
4. Reconcile Records:
  - Reconciling total sales from POS systems to bank deposits and financial statements.
  - Investigating discrepancies or unrecorded cash sales (where applicable).

The following section contains a detailed listing of each audit finding and applicable internal audit recommendations.

## FINDINGS AND RECOMMENDATIONS

### Reference 1: Compliance with the Madison General Ordinance (MGO)

#### Finding

To assess compliance with Madison General Ordinance (MGO) Sec. 38.05(10)(b), the Internal Audit Unit reviewed financial records submitted by each establishment for the audit period, including:

- Point-of-Sale (POS) reports
- Sales Tax Returns
- Monthly Income Statements

Based on our analysis of the financial and sales data provided by the establishment, we observed that 7 Iron Social was not in compliance with the requirements of MGO Sec. 38.05(10)(b) for eleven months out of the twenty-nine-month review period, where alcoholic beverage sales exceeded 50% of total gross receipts. These non-compliant months are highlighted in the table below for ease of reference.

The cumulative alcohol sales relative to gross receipts for the entire review period was 48.46%, which was within the ordinance's threshold.

The Alcohol License Review Committee (ALRC) and the Office of the City Attorney will determine the appropriate course of action to address this finding, in accordance with the protocols established under the Madison General Ordinance (MGO).

## CONCLUSION

To the best of our knowledge and based on the information and documentation made available during the audit, the findings outlined above represent a fair and accurate assessment of sales activity and revenue classification for 7 Iron Social.

As of the conclusion of this review, 7 Iron Social had a monthly average ratio of 48.46% alcohol to food sales, with 11 out of the 23 months reviewed showing the alcohol to food sales ratio exceeded 50%. Under Madison General Ordinance (MGO) Sec. 38.05(10)(b), alcoholic beverage sales cannot exceed 50% of a restaurant's gross receipts.

**Description of Change to Conditions:** We respectfully request a revision to our current entertainment license conditions to allow live entertainment or a DJ indoors every night of the week. Currently, we are restricted to Fridays and Saturdays only, which limits our ability to accommodate private events such as corporate dinners, rehearsal dinners, and weddings in our newly added event space. These events are typically invite-only, take place indoors, and end at a reasonable hour. The expanded flexibility would help us remain competitive and support the long-term viability of our business. We are committed to maintaining a respectful environment for our neighbors and adhering to all sound regulations

To the Alcohol License Review Committee:

I received notification of the hearing to be held August 20.

I am a resident of Metropolitan Place condominiums.

I oppose granting the revision to the establishment's Class B Combination Liquor and Beer license.

I recall this sort of application, or a similar application to permit musical entertainment, came up a few years ago.

The concern then, which remains, is the noise that would be generated by allowing entertainment in what is really a residential area.

It is my hope that the Committee would not grant this Change of Conditions out of respect for maintaining the peacefulness of the neighborhood.

Thank you for taking my concerns into consideration.

Hello,

I am commenting on Item 20, legistar 88503, a new license in my district.

My understanding is this site already sells beer, and is only seeking to add wine to their license. Although this is already a highly dense area for alcohol access, I don't believe the addition of wine sales at this site substantially increases risk of negative consequences to the neighborhood.

However, I do want to note this site is directly adjacent to a housing complex that serves a number of vulnerable members of our community, including young children, so I want to be clear that this site needs to have staff who are trained and devoted to selling only to people of legal age who are not visibly inebriated, and commits to not selling outside of the legal hours of Class A sales. I realize these are requirements of all sellers, but want to emphasize the importance of these rules being closely followed at this site.

Thank you.

Best wishes,

Alder Evers / ALRC Members:

I am writing today with regards to the application for new Class A beer, liquor, and cider licenses for the Amoco gas station at 1129 S Park St (tonight's agenda item 89309). It was in February of 2024 that I had written to you both (Alder Evers and the ALRC) my opposition to the first application for license. At that time, I gave detailed reasons why the license should be denied. In general, this can be best described as failure by the new owner to uphold many of the conditions for the business as outlined in the Conditional Use Permit (CUP), especially the hours of operation.

In my email, I stated that I did not believe the owner to be acting in good faith. While my concerns were heard and conveyed by both the Alder and the Committee in the subsequent hearing, the application was ultimately approved. Specifically, it had been reiterated multiple times, the required hours of operation to the owner as being from 6:00AM to midnight. At the 1:32:23 mark of the meeting's recorded video, one of the members had not only stated those hours, but also clarified that this included the gas pumps as well. The response from the owner was "We can do that".

However, it has been my personal discovery, that the gas station is not currently abiding by the required hours of operation. This is only made known to me from actually leaving my home located behind the gas station to walk around the block and visually observe this. And what I have observed is that the building has been remaining open an additional hour from midnight to 1:00AM. I have further observed that the pumps have remained on through the night. It is unknown to me as to whether the building has been opening earlier than 6:00AM or how many weeks or months such hours have been kept.

It is greatly frustrating that, despite implying that they will comply with or abide by the hours stated in the Conditional Use Permit, the owner has chosen to ignore such requirements. Any confusion or innocent misunderstanding should be unlikely as it appeared on the video that the owner attended the meeting with his lawyer or legal counsel present. And any initial temporary compliance following the approval of the license should not be viewed positively if the owner later acts contrary. While it is not within the purview of the Committee to ensure compliance with any or all requirements of the Conditional Use Permit, as none of the requirements pertain to alcohol, it is certainly in my opinion that an applicant not acting in good faith with any City agency or department, or even simply delinquent or negligent, should be considered as grounds for denying an application for license. Thus, I am

once again stating my opposition to this application for license. And it is my hope that both the Committee and the Alder share in my position.

It is further hoped that both the Alder and the relevant City departments ensure full compliance of the Conditional Use Permit as well as to address non-CUP issues that persist, such as delivery trucks that have once again returned to drive down residential streets to service the gas station. It is further hoped that this includes periodic and random checks of items not currently in compliance for the next five years, since it has been 1.5 years since the first application for license, heavily focusing on hours of operation which might easily be performed by the Madison Police Department. Lastly, while I am ignorant of the City process for alcohol licensing, I want to express my opinion that any existing alcohol licenses for this business be immediately revoked, if such licenses are still valid.

Thank you,  
Mark Schoendorff, 815 Emerson St

**GO GROCER INC.**  
**GAS STATION - WEST MADISON**  
**BUSINESS PLAN**

### 1. Executive Summary:

- Business Concept: Go Grocer Gas Station is a modern convenience retail concept combining high-quality fuel (gasoline & diesel), a curated selection of fresh groceries, grab-and-go meals, essential convenience items, and potentially EV charging. Located strategically on Madison's affluent and growing west side, we target busy professionals, families, and commuters seeking speed, quality, and convenience.
- Mission: To be the premier neighborhood stop for fueling vehicles and lives, offering exceptional convenience, surprisingly fresh food, and friendly service.
- Vision: To redefine the gas station experience on Madison's west side by becoming an essential daily destination.
- Location: Target: High-traffic corridor on Gammon Road, and Shroeder Road, near residential neighborhoods and commercial zones.
- Market Opportunity: Demand for time-saving solutions, fresh food options beyond typical C-store fare, and quality fuel in a growing, underserved area of west Madison. Gap between traditional gas stations and full supermarkets.
- Financial Highlights (Projected - Year 1):
- Startup Costs: \$1.8 Million (Land, Construction, Equipment, Inventory, Licenses)
- Revenue: \$2.5 - \$3.5 Million
- Gross Margin: 28-32%
- Net Profit (Pre-Tax): \$180,000
- Management: Experienced team in convenience retail, fuel operations, and food service.

### 2. Company Description:

- Legal Structure: Wisconsin Corporation (Inc).

### 3. Market Analysis:

- West Madison Demographics: Affluent, high median income, educated population, significant number of families and dual-income professionals. High vehicle ownership. Growth in residential and commercial development.
- Competition:
  - Direct: Kwik Trip (strong presence), BP/Shell/Clark stations, other local C-stores.
    - Strengths: Brand recognition, fuel loyalty programs.
    - Weaknesses: Often standard C-store fare, limited fresh/grocery focus, varying quality/cleanliness.
  - Indirect: Woodman's, Metcalfe's Sentry, Festival Foods (full grocery), Target, Walgreens/CVS.
    - Strengths: Wide selection.
    - Weaknesses: Less convenient for quick fuel + essential grocery trips, often larger footprint/longer checkout.
- Market Gap: Lack of a premium convenience option combining quality fuel, a genuine grocery selection (fresh produce, deli), and excellent grab-and-go food in a clean, modern, and efficient environment on the west side.

#### SWOT Analysis:

- Strengths: Focus on fresh/grocery, quality focus, prime location targeting, modern design/cleanliness, potential local sourcing.
- Weaknesses: New brand recognition, potentially higher price points on some items, reliance on fuel margins.
- Opportunities: EV charging expansion, local partnerships (bakeries, coffee roasters, farms), catering to health-conscious consumers, strong loyalty program.
- Threats: Fluctuating fuel prices, intense competition (especially Kwik Trip), economic downturn impacting discretionary spending, rising minimum wage.

#### 4. Organization & Management:

- Ownership: [Your Name/Group Name] - Primary owner(s) with relevant experience.

- Grab & Go Food: Critical for traffic and margin. Emphasize quality, freshness, variety (breakfast, lunch, dinner, snacks), local sourcing where feasible. Premium coffee program essential.
- Convenience Items: Necessary staples, but focus on higher-margin unique/local snacks/beverages alongside standards.
- Service: Fast, friendly, knowledgeable staff. Clean facilities (restrooms are critical!). Efficient checkout (multiple points, potentially mobile pay).

- Facility: ~2,500 - 3,500 Sq Ft building. Modern design (lots of glass, clean lines). Layout:

- Processes: Strict inventory control (FIFO), rigorous food safety protocols (HACCP), fuel safety/environmental compliance (WI DNR), cash handling procedures, staff training programs, preventative maintenance schedule.

#### 8. Risk Analysis & Mitigation:

- Fuel Price Volatility: Hedging contracts (if feasible), focus on driving higher-margin in-store sales volume. Loyalty program.
- Competition: Strong differentiation (fresh food, quality), superior service/cleanliness, local focus, aggressive loyalty program.
- Economic Downturn: Focus on essential items, value messaging, maintain quality to retain customers.
- Regulatory/Environmental: Strict adherence to WI DNR & EPA regulations, regular tank testing, spill prevention plans, proper waste disposal. Experienced legal/environmental counsel.
- Labor Market: Competitive wages, flexible scheduling, positive work environment, training, potential hiring from UW-Madison student pool.
- Reputation Risk: Exceptional cleanliness (especially restrooms), outstanding customer service, proactive response to issues/social media, high food safety standards.
- Location Risk: Extensive due diligence on traffic patterns, demographics, competition, access, and future development plans before site purchase.

#### 9. Exit Strategy (Optional but Forward-Thinking):

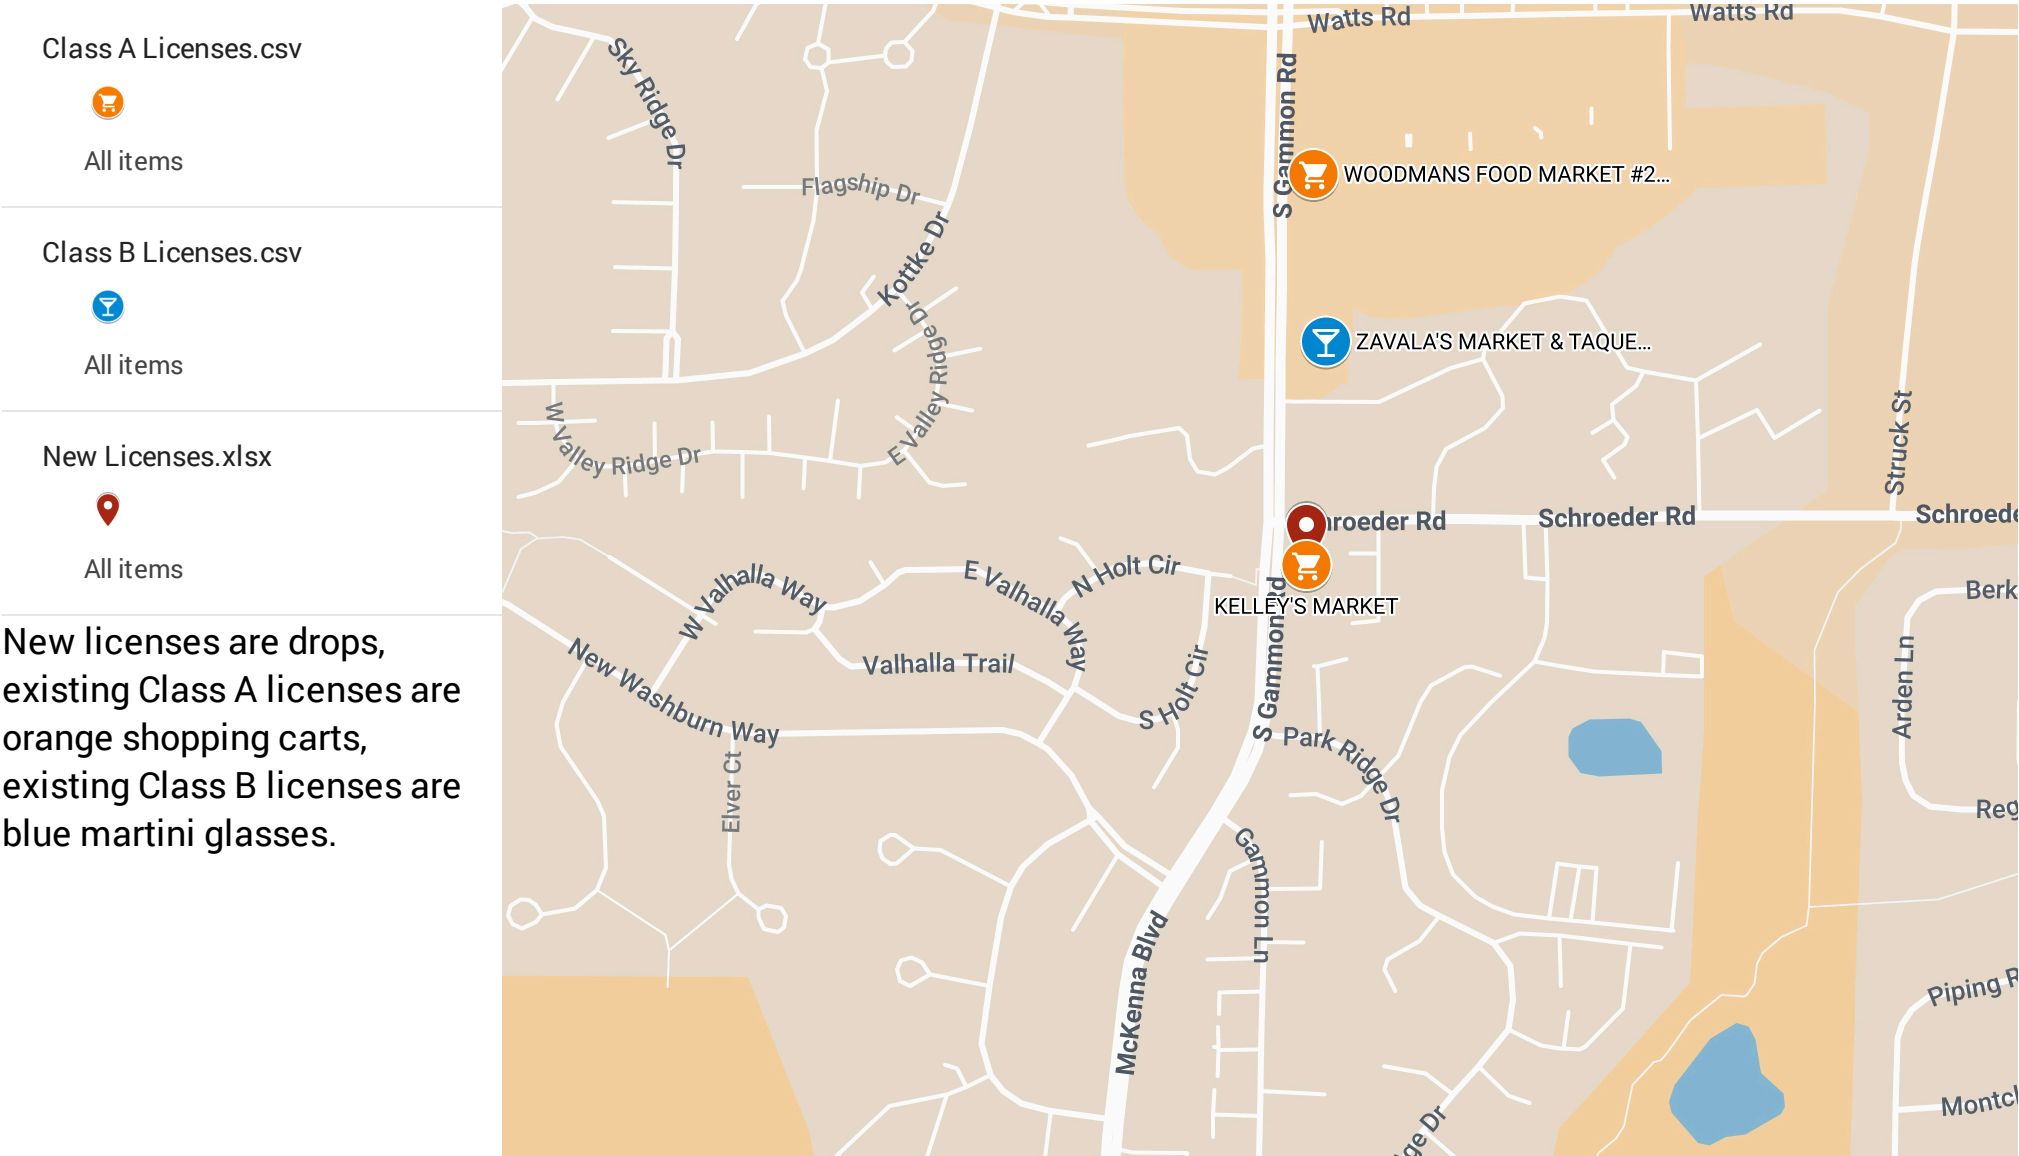

- Long-Term Goal: Build a successful, profitable operation with a strong brand reputation.
- Potential Exits:
  - Acquisition by a larger regional or national convenience store chain.
  - Franchise the concept based on success.
  - Sale to a private investor or management team.
  - Continue as a profitable owner-operated business.

#### Conclusion:

Go Grocer addresses a clear market need on Madison's west side for a premium convenience experience combining quality fuel, genuine grocery essentials, and excellent fresh food. By focusing on superior product quality, a modern environment, exceptional service, and community integration, Go Grocer is positioned to capture

significant market share and become a profitable neighborhood staple. This plan outlines the roadmap; securing the optimal location and adequate funding are the critical next steps.

Dear Committee Members,

I have several problems with the permit application by State Line Distillery to sell their "Intoxicating Liquor" beverages for on and off-site consumption at the Monroe Street Farmers Market.

Please note the email below from the company's founder received yesterday, July 15, 2025.

This is the first communication from the applicant to me as district alder. I have called the applicant twice on his office line and once on his mobile — no answer and no return call.

Moreover, there has been no communication that I am aware of by the applicant to the presidents of either adjacent neighborhood association; neither Doug Carlson, Vilas Neighborhood Association president, nor Marc Gartler, Dudgeon-Monroe Neighborhood Association president, has been contacted. Lastly, Edgewood High School president, Kevin Rea, has not been contacted either.

Please note in the email below the stated intention to sell the company's coffee liquer product for on-premises consumption AND to sell for off-premises consumption. However, this application only checks the box asking permission to sell for on-premises consumption.

This discrepancy aside, and notwithstanding the lack of timely communication by the applicant to community stakeholders and the district alder, I am strongly opposed to the granting of this permit.

First, there is no clear indication as to how the applicant would prevent under-age consumption. In other words, how will the applicant monitor the sale of alcoholic beverages to someone of age who could then pass the item on to someone who is underage? What plans are in place to monitor and prevent this from occurring?

Second, I am concerned about precedent. The request at the present time is to sell a coffee-based liquer. Does it follow, then, that the applicant could sell Bloody Marys or Mimosas for on-site consumption at the market if they so desired at a later date?

Third, and also related to precedent, I am concerned this opens the door to the applicant or similar businesses seeking to sell alcoholic beverages for on-premises consumption at other Farmer's Markets in the city. I find this a disturbing possibility and one I hope you will not enable.

Fourth, I am not aware of any demand for alcoholic beverages to be sold at the Monroe Street Farmer's Market. It seems odd to me that we would allow liquor to be sold for on-site consumption at a Farmer's Market from 9am to 1pm on a Sunday morning on the grounds of a Catholic institution.

In short, nobody is asking for this. The applicant has not sought to communicate his intentions in a timely manner with community stakeholders or the alder. While such communication may not be required in this instance, the lack of what we all agree is customary is nonetheless concerning.

Lastly, it's my understanding this item was added to the agenda just yesterday. I have been in communication with both neighborhood association presidents and Edgewood High School's president since first learning of this application in May. Accordingly, I am concerned that the recent addition to the agenda limits resident and stakeholder engagement.

I urge you to deny this permit application on its merits.

Short of denial, I ask that you refer this item to your next meeting to give the applicant an opportunity to make his case to the aforementioned stakeholders and me, the district alder.

Thank you for your consideration.

Good morning Alder Evers,

My name is John Mleziva and I am the owner of State Line Distillery. I wanted to reach out to tell you a bit about my upcoming request to participate in the Monroe Street Farmers Market. My family and I have enjoyed our weekly bike rides to the Monroe Street Farmers Market for several years, and ever since I opened State Line Distillery I thought it would be a wonderful place to introduce consumers to our brand and products.

The concept for what I'd like to do is quite simple. We would be offering a couple drink options (i.e. State Line Coffee Liqueur and Hot or Iced Coffee) for people to enjoy while shopping at the market and sell bottles of our products for people to take home. Since the business is located on the east side of Madison, I feel like this is a great opportunity for us to reach a new customer base.

Amber Middleton, the Monroe Street Farmers Market manager, as well as the rest of the board is excited about this potential addition to their Market; I am hoping you and the rest of the review board will allow this business partnership to proceed.

Thank you for your consideration and I look forward to seeing you on the Zoom call

with the Alcohol License Review Committee on 7/16 to answer any follow-up questions you might have.

Sincerely,  
John

Dear Committee Members,

I did hear back from the applicant just now. We had a nice conversation.

However, I'm still asking for referral to your next meeting. This would allow for the conversation to continue; moreover, it would allow for the two neighborhood associations and Edgewood High School's president to participate in the conversation.

Thank you.

Short of denial, I ask that you refer this item to your next meeting to give the applicant an opportunity to make his case to the aforementioned stakeholders and me, the district alder.

Thank you for your consideration.

**Subject:** Application for State Line Distillery @ Monroe Street Farmers Market

You don't often get email from jm@statelinedistillery.com. [Learn why this is important](#)

Good morning Alder Evers,

My name is John Mleziva and I am the owner of State Line Distillery. I wanted to reach out to tell you a bit about my upcoming request to participate in the Monroe Street Farmers Market. My family and I have enjoyed our weekly bike rides to the Monroe Street Farmers Market for several years, and ever since I opened State Line Distillery I thought it would be a wonderful place to introduce consumers to our brand and products.

The concept for what I'd like to do is quite simple. We would be offering a couple drink options (i.e. State Line Coffee Liqueur and Hot or Iced Coffee) for people to enjoy while shopping at the market and sell bottles of our products for people to take home. Since the business is located on the east side of Madison, I feel like this is a great opportunity for us to reach a new customer base.

Amber Middleton, the Monroe Street Farmers Market manager, as well as the rest of the board is excited about this potential addition to their Market; I am hoping you and the rest of the review board will allow this business partnership to proceed.

Thank you for your consideration and I look forward to seeing you on the Zoom call with the Alcohol License Review Committee on 7/16 to answer any follow-up questions you might have.

Sincerely,  
John
