**TO:** TRANSIT AND PARKING COMMISSION  
**FROM:** ADA SUBCOMMITTEE TO THE TRANSIT AND PARKING COMMISSION  
**SUBJECT:** MOTION REGARDING REMOVAL OF BUS STOPS ON JOHNSON STREET  
**DATE:** 1/8/2014  
**CC:**

At the November 18, 2013 meeting of the ADA Transit Subcommittee to the Transit and Parking Commission, Ms. Susan De Vos moved that other ways of gathering information about the removal of bus stops on Johnson Street should be pursued, and that could involve putting flyers on buses and doing a survey on Metro's website to get feedback from people who might not easily be able to attend a neighborhood meeting and would definitely have something to say about this issue. Also, after a bus stop has been eliminated, it could be re-opened as needed in the future. Mr. Bill Tangney seconded. The motion passed by voice vote/other.
