---

Dear Patrick,

Please share the following email with TC:

Dear TC members,

My apologies for not being able to attend your September 11 meeting - I have another city committee meeting that I need to attend as I serve on that committee.

I fully trust your decision regarding the need for any parking restrictions on the 400 and 500 blocks of Virginia Terrace. Mr. Putnam can provide you an update on the number of residents who have remained as signators of the petition requesting parking restrictions on the 400 block (I believe it is 13 out of 27.)

I would like to share that I have worked with the streets superintendent to request that these blocks be posted as year around Clean Streets/Clean Lakes which will allow the street to be fully plowed in the winter addressing the issue of street narrowing. Signs should be posted within the next 6-8 weeks.

In addition, on the 400 block, I believe it would be helpful to have the 4 feet distance from driveways be marked with yellow paint which will help in reducing the number of people parking too close to the driveways and thus creating a lack of visibility for residents pulling out of their driveways.

Thank you for your service,

Shiva Bidar  
Alder, District 5
