## Danny's Pub Security Plan

*Danny's Pub* will strive to be a destination for both food and drinks and as such would like to incorporate a level of entertainment both on a regular and periodic schedule. The site for the proposed entertainment license is located on the ground floor and second floor of a three story building located on the north corner of Gorham and Broom streets. While the first floor will be the focus of the location seven days a week, the second floor will be available for overflow, special and private events, and more of an upbeat energy than the first floor.

The idea for entertainment is to have a DJ on the first floor for special events and second floor late night and on the weekends. We would also like to be able to host small live bands for special events and private parties. The DJ option would make *Danny's Pub* a contender for the late night party scene while both the DJ and Live Band capabilities would allow for a higher quality of special and private events, i.e. holiday parties, watch parties, catered events, etc.

*Danny's Pub* will have a minimal number of security/barbacks during dining hours with an increased number on late nights, weekends, special events and game days. While the first floor is the only operational floor, a force between 2 and 8 will be sufficient depending on the busy-ness of the day, with 1-2 dedicated to the door during non-dining hours for age verification (ID-ing). When the second floor is open, the same numbers would apply again for the second floor, essentially running two separate security forces but with constant communication.

*Danny's Pub* is fortunate (or unfortunate) to not have a parking lot so there will not be any clearing of patrons from property. There is a neighboring parking lot under different ownership so *Danny's Pub's* staff would keep a watchful eye on the lot for cleanliness and disturbances out of respect to it's neighbors. In the event where the establishment is busy enough to be at capacity and hold a line, stanchions would be used to guide the line along the building away from the parking lot and if need be around the corner, making sure to keep room for pedestrian not arriving for the establishment. Also during these busy times a security/barback or manager would be monitoring the line outside as well as jut at the door.

Understanding that there is alcohol consumed on the premises, there is always the possibility of unruly patrons. It has always been the policy of owner/operator Brano Kruger to try to handle every situation with courtesy and respect given to both the patron(s) and the establishment. Security will be trained in identifying such patrons and determining the level of their unruliness in order to take proper actions. For example, if the patron is loud and overly excited, speaking to them and attempting to calm them down; if the patron is pushing people and instigating trouble, to calmly ask them to exit the premises; if the patron is attempting to engage in a physical altercation, restraining the individual and calmly and orderly removing them from the premises. The philosophy has always been that security is there to diffuse the situation not make it work. While there may arise a situation

where physical contact is necessary, it is simply to restrain for the safety of all patrons in the establishment, not to engage the antagonist and further continue the disturbance. All staff, security/barback or not will sign a 'No Strike' policy. If the situation is that a patron is intoxicated or overly intoxicated, it is important to remember that their safety (and the safety of everyone) is our primary concern. Our goal is to help the patron ultimately make it home safe after a good night, not simply to serve them and toss them out on the street. Simple measures such as servers and bartenders acting proactively to not over-serve or manage the level/rate of drinking to providing water and distracting small talk to patrons gauge their level will be helpful at all stages. If a patron is deemed too intoxicated to either enter or is asked to leave, monitoring of them on the street will continue to ensure their safety and that of all others in the area.

During dining hours, bartenders and servers will ID anyone ordering alcohol, with assistance by managers for any questionable ID's. During busier hours and late night, at least one, if not two, security/barbacks will be posted at the door, ID-ing patrons as they come in. Any ID deemed false, either fake or not the individual, will be taken and held onto until a time they can be turned over to the police (see Red Rock Saloon). Patrons under 21 will be allowed in during dining hours but asked to leave upon late night. When special events occur on the second, such as school socials where those under the age of 21 are in attendance, there will be even stricter policies in place. There will be additional security, those 21+ will be identified with special wristbands and those under 21 will have both hands marked to help identify so drinks cannot be purchased or passed. Anyone caught drinking underage or passing drinks will be immediately removed.

Being a bar, there may come an instance where a police presence is required. Although our goal is not to be a nuisance, we must remember that the police are here to protect everyone, the customers, the aggressors, and the establishment. As long as there is no physical contact or property destruction, the decision to call police will be at the manager-on-duty's discretion. If there is any disturbance resulting in contact, either the manager or lead security will contact police, able to clearly and calmly relay the situation and need for police presence. In the unwanted event of a physical altercation, security staff will go as far as to restrain any aggressor until police arrive, but are not to escalate the situation or 'fight back'.

Our goal is to be a positive influence on the neighborhood bringing more people to the area and maintaining a good relationship with all neighbors. General cleanliness of the outside of the building will be constant, as well as cleared sidewalks in the winter. There is currently no patio so there is no need for outdoor sound. Inside, the atmosphere will be upbeat and energetic but that can be accomplished without being a nuisance to our neighbors and the community.

Security/barback staff will be identified by specific shirts, both unique in color and markings, to make discerning from the general crowd simple. Currently the leading

idea is a bright orange (following the Irish theme) tee shirt with labeling on it stating they are on duty employees of the establishment.

The primary manager and General Manager will be owner/operator Brano Kruger [REDACTED]. Other potential managers are in place to hire on, coming from established and respected bars, but are not signed on until guarantee of license is established. All managers will have an operator's license and be trained in all policies of the establishment. All staff will be trained in basic ID-ing with greater focus given to security/barbacks and bar staff. All staff will be trained in identifying potential issues and what actions to take and whom to alert.
