RE: Legistar #52206; Accela 'LNDUSE-2018-00067' -- Approval of a demolition permit to demolish a single-family residence with no proposed use at **4214 Doncaster Drive**.

Dear Ms. Kubesheski:

At its July 30, 2018 meeting, the Plan Commission, meeting in regular session, found the standards met and approved your demolition permit request to demolish a single-family residence with no proposed use at **4214 Doncaster Drive**. The conditions of approval in the following sections shall be satisfied prior to issuance of demolition or building permits for the project.

**Please contact Tim Troester, City Engineering Division, at (608) 267-1995 if you have questions related to the following two (2) items:**

1. Prior to approval, the owner or owner's representative shall obtain a permit to plug each existing sanitary sewer lateral that serves a building, which is proposed for demolition. For each lateral to be plugged the owner shall complete a sewer lateral plugging application and pay the applicable permit fees. The permit application is available on line at <http://www.cityofmadison.com/engineering/permits.cfm>. (MGO CH 35.02(14))
2. This site will disturb 4,000 sf or more of land area and require an Erosion Control Permit. Please submit the Erosion Control Permit Application (with USLE calculations and associated fee) to City Engineering, for approval.

**Please contact Jeff Quamme, City Engineering Division - Mapping, at (608) 266-4097 if you have questions regarding the following two (2) items:**

3. The Owner should be aware there is a property survey of the parcel that was completed in 2006 by Birrenkott Surveying. It is filed at the County Surveyor's Office as map no. 2006-00388.
4. Will the driveway also be removed and any other impervious surfaces (patio and concrete slab)?

**Please contact Jacob Moscovitz, Zoning, at (608) 266-4560 if you have questions regarding the following four (4) items:**

5. Section 28.185(7)(a)5. requires that if a demolition or removal permit is approved, it shall not be issued until the reuse and recycling plan is approved by the Recycling Coordinator, Bryan Johnson (608-266-4682).
6. Section 28.185(10) Every person who is required to submit a reuse and recycling plan pursuant to Section 28.185(7)(a)5. shall submit documents showing compliance with the plan within sixty (60) days of completion of demolition.
7. Section 28.185(9)(a) A demolition or removal permit is valid for one (1) year from the date of the Plan Commission.
8. Approval of the demolition permit will require the removal of all structures including the single-family dwelling and driveway. The driveway apron shall be removed as per City of Madison Engineering and Traffic Engineering requirements. Disturbed areas shall be filled, graded and seeded or sod planted to minimize erosion.

**Please contact Adam Wiederhoeft, Water Utility, at (608) 266-9121 if you have questions regarding the following item:**

9. The Madison Water Utility shall be notified to remove the water meter at least two working days prior to demolition. Contact the Water Utility Meter Department at (608) 266-4765 to schedule the meter removal appointment.

**Please contact my office at (608) 261-9135 if you have any questions regarding the following item:**

10. As a future use was not presented at the time of application, the Plan Commission requires that the alternative future use be approved by the Plan Commission prior to the issuance of permits as allowed under Section 28.175(8)(a) MGO. The property owner shall execute a restrictive covenant prior to issuance of the demolition permit, which requires Plan Commission approval of the proposed alternative use of the property prior to issuance of building permits for any new construction. The standards for approval of the proposed alternative use shall be those in contained in Section 28.185 of the Zoning Ordinance. The form of the restrictive covenant shall be approved by the Planning Division and City Attorney's Office.

**Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.**

**No interior, exterior or structural demolition or wrecking activities or remodeling activities (including material reclamation activities by the applicant or a third party) shall commence nor any wrecking or building permits be issued until the applicant has met all of the conditions of approval stated in this letter.**

**Please now follow the procedures listed below for obtaining permits for your project:**

1. Please revise your plans per the above conditions and submit **eight (8) copies** of a complete, fully dimensioned and scaled plan set to the Zoning Administrator for final review and comment. Also be sure to include any additional materials requested by these departments for their approval prior to sign off. The final site plan shall be accompanied by the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, 126 S. Hamilton Street. **This submittal shall all also include one complete digital plan set in PDF format.** The sets of final revised plans or documents will be circulated by the Zoning staff to the City department staff listed above for their final approval.
2. Approval of plans for this project does not include any approval to prune, remove or plant trees in the public right-of-way. Permission for such activities must be obtained from the City Forester, 266-4816.
3. A demolition or removal permit is valid for one (1) year from the date of the Plan Commission. Where the plans have not been altered since issuance of the demolition or removal permit and the permit has expired, the Director of Planning and Community and Economic Development may, after consultation with the Alderperson of the District, approve an extension for up to 24 months from the expiration date.
4. A reuse and recycling plan approved by the Recycling Coordinator is required by ordinance prior to the issuance of a wrecking permit. The reuse and recycling plan shall be submitted along with the resubmittal of site plans for forwarding to the Recycling Coordinator.
5. The Madison Water Utility shall be notified to remove the water meters prior to demolition. This property is located in a wellhead protection district. All wells located on this property shall be abandoned if no valid well operation permit has been obtained from the Madison Water Utility. The Water Utility will need to sign off the final plans, and will need a copy of the approved plans.

If you have any questions regarding obtaining your demolition or building permits, please contact the Zoning Administrator at (608) 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at (608) 261-9135.

Sincerely,

Chris Wells  
Planner

I hereby acknowledge that I understand and will comply with the above conditions of approval for the demolition permit.
