SUBJECT: Rezoning petitions at 1148 Jenifer Street and 430 S. Thornton Avenue; an update

I am writing this memo to update the Plan Commission regarding the conditions at this site.

Since the April 24, 2009, Building Inspection Division memo to the Plan Commission, the owner has done a number of things to improve the conditions at this site. He has:

- Removed a trailer from the site
- Removed all concrete, plywood and other debris from the site
- Repaired or removed all broken glass
- Removed the tarpaper covered enclosure along Cantwell Court and filled the hole
- Graded the yards flat
- Secured the area between two of the buildings
- Secured the buildings and at least covered the window openings

The owner has also obtained building permits at the two buildings where the previous permits had expired. It does not appear as if any construction work is being done at the site at this time.
