CITY OF MADISON

ORGANIZATION: Ma

PROGRAM/LETTER: PRIORITY STATEMENT:

Madison Development Corp.

A MBE-WBE-DBE Contractor Mentoring Program

CDBG: E. Business Development - Business creating jobs (CDBG)

#### **DESCRIPTION OF SERVICES**

6. NEED FOR PROGRAM: Please identify local community need or gap in service that the proposed program will address.

MDC has found a lack of capacity and preparation among MBE-WBE and DBE loan applicants. MDC has also experienced higher business failure among start-up businesses, particularly MBE applicants which are usually start-ups. MBE-WBE-DBE businesses, especially early-stage and start-ups lack experience, peer networking, and resources for professional services to properly develop their growing business. At the same time, large and publicly funded construction projects establish goals for MBE-WBE-DBE subcontracts which too often are unmet. This provides a potentially lucrative market even during a severe economic downturn that has ravaged many other sectors of the local economy. As the location of ongoing and planned public contsruction projects developed or funded by the State, UW, City, and Federal stimulus funding, the Madison construction sector is hurting, yet still represents a bright spot for small business and job growth, and opportunity for MBE-WBE-DBE.

7. SERVICE DESCRIPTION - Describe the service(s) provided including your expectations of the impact of your activities.

MDC will initiate a MBE-WBE-DBE Mentorship Program for early-stage, but existing small businesses, tightly targeted to the construction industry or related supplier/services for construction trades. These will be already certified firms planning grow th and additional hiring. The targeted construction sector has been chosen for the purpose of focusing efforts in recruiting mentor and mentee businesses, and also for the economic reasons cited in the section above. These businesses may be recent MDC loan applicants or potential applicants, but shall not be restricted by that criteria. MDC and our community partners will assess the business development needs of these businesses, connect them with mentors in the major construction prime contractor community, provide coordinated training resource referral, and pass through "scholarships" for the businesses to contract with specifically identified professional service needs-including: accounting, legal, I.T. and software, human relations, insurance/bonding and marketing. Our expectations is that mentee businesses shall improve their management, financial controls, bidding and estimating skills and general development of their business' capacity. This in turn, shall impact the businesses' ability to obtain sub-contracts, perform, grow, increase employment, and succeed. They will also be prepared to obtain future grow th capital in the form of MDC or even conventional bank loans.

8. PROPOSED PROGRAM CONTRACT GOALS: Include clearly defined service goals and process objectives: number of unduplicated clients to be served, number of service hours to be provided etc.

MDC will recruit 5 MBE-WBE or DBE mentee businesses in, or with Madison-based operations . MDC will complete a needs assessment of these businesses. MDC will recruit a minimum of 3 large prime contractor firms as probono, mentors. MDC staff and the mentor will prepare a training and development plan for each mentee business, and oversee completion of that plan, including making referral to community and free resources, and recruit probono professional service providers. The program shall also fund up to \$2,500 per mentee for paid professional services. (= \$12,500 of "special costs")

9. SERVICE HOURS: Frequency, duration of service and hours and days of service availability.

5 Mentees will each receive 100 hours of business development and mentorship assitance. Needs assessments will require 10 staff hours by staff team, per mentee business. Each mentee business will receive up to \$2,500 "scholarship" funds for use to hire professional business service providers. (MDC will reimburse costs out of grant funds.)

is respond to the needs of diverse populations.
Cultural differences often play into the lack of entrepreneurial experience and history for start up businesses, particularly MBE's. If so, partner non-profits or other community agencies would be sought for assistance.
