Applicant's Comments:

The existing 1 story slab on grade building is concrete masonry walls, wood trusses, asphalt shingles. The entire lot area is paved except for a landscape strip on east and west sides of the lot which is slightly larger than 1 acre.

Applicant's Comments:

This house has been the home of David and Dorothy O'Dea for the last 64 years. They are no longer able to live in their home due to health concerns and the condition of the house, but long to be able to go back to their neighborhood. We began to plan remodeling last fall, but it was impossible to accommodate their needs. We now have plans for a rebuild. We therefore ask for permission to demolish the current structure down to the first floor deck
