Hello Executive Committee.

I wanted to offer some input on the creation of a code of conduct for the common council.

I agree with the proposal and supported and voted in favor of a similar measure passed in the City of Racine.

I am not sure if what I read was what is being proposed but I read a 4 page code of conduct that I found in an article.

What I did not see in it and what I think should be added is:

- Language pertaining specifically to social media
- Language on engaging in social media posting/commenting during meetings
- Clear examples of statements/comments that coincide with the restricted behaviors/language
- (I'd love to see something relating to conspiracy theories or lies about the city but that might infringe on the first amendment)

I wish you the best of luck while crafting this code of conduct!
