

Planning and Development for October 2018

Newly Completed Work		
Park Name	Area	Project Descriptions
Forest Hill Cemetary	West	New irrigation system, improved storm water system and partial reconstruction of the roads
Vilas Park Fishing Pier	Central	Recently completed volunteer effort to provide a fully accessible pier at Vilas
Vilas Park Pedestrian Bridges (Replacements)	Central	Two new bridges connecting the park to the island
Thousand Oaks Park	West	Veridian completed the construction of this park recently. It includes a playground, path and shelter improvements were completed in July. Construction of the path, council rings, and walking paths are anticipated to be completed this fall.
Olin Park Boat Launch Improvements	Central	New concrete ramps and other ramp slope improvements
Asphalt Pavement Improvements	West	Work completed in three parks this summer, Garner, Rennebohm and Indian Hills
Wingra Park Shoreline Improvements	Central	Shoreline just east of the boat house has new plants, and other shoreline improvements
Eken Park	East	A new seating area and placemaking project just off of North Avenue
New Playgrounds	West	New playgrounds were installed this summer at Dudgeon School, Indian Hills and Odana Hills
Currently Under Construction		
Park Name	Area	Project Descriptions
Breese Stevens Field	Central	Addition of a new concession/restroom building in the infield area
Olbrich Park Walter Street Restroom Building	East	Replacement of the existing shelter with a new one similar to the recent shelter installed at Lake Edge Park
New Playgrounds	East	The following playgrounds are being installed right now: Ocean Road, Acewood, Elmside Circle, Washington Manor and Reger and Mayfair Park
All Inclusive Playground	West	Elver Park will have the second all inclusive playground by late fall, Brittingham Park has the first
Warner Park Boat Launch	East	A complete reconstruct of the boat launch parking lot, to be completed by late fall
Olbrich Gardens	East	A new maintenance shed to replace the one that burned down and new location for the hoop houses, other site improvements include an improved ice rink

On the Drawing Boards		
Park Name	Area	Project Descriptions
Brittingham Dog Park	Central	Conversion to an artificial turf dog park, to be bid early October
Olbrich Park Walter Street Site Improvements	East	Improvements include the parking lot, basketball court replacement and accessible path connections. To be bid in early 2019
Forest Hills Phase 2	West	Additional storm water and road improvements
Breeze Stevens Field	Central	A new hospitality area under the historic canopy and other spectator area improvements
A Quick Look at 2019		
CIP Work		We have requested slightly under 10 million in capital improvements funds next year.
Policy Work		We plan to work on dog park issues and improvements, including policy updates
Policy Work		We plan to work on a policy for accepting public art in a public park
Policy Work		We hope to make some progress on bike use in parks including the possibility of the start of a single track network connecting parks and other destinations
Policy Work		We plan on discussing community garden locations, where they are and where we could place new gardens if the request is made.
Technology		We are working on automating our permit process for temporary land uses, Little Free Libraries and volunteer efforts.
