What if I cannot attend but wish to have my voice/opinion heard at this meeting? Can I register my remarks in writing to be considered? I'm disabled, and rely on the Saturday markets as 90% of my annual income. Cutting days out of our already short vending Summer means significant hardship for me and my family. We pay a large annual fee for our spaces, and feel they should be honored first and foremost when planning events. Special events should work around us, not the other way around.

Warmly,
