Dear Central Police District

I was wondering if you will be setting up some Tavern Safety Training Dates for Sept. Myself and most other bars will be hiring many new persons in the upcoming weeks and this would probably be a good time to conduct a course. I know you recently offered a course the second week of August, but I had very few new people at that time and those I did have were preoccupied with "Moving Day" or out of town.

Thank-you for your help

Sincerely

Richard Lyshek
