RE: Approval of a demolition permit and conditional use for an addition exceeding 500 square-feet on a single-family residence on a lakefront property at 4146 Veith Avenue (ID 49921; LNDUSE-2018-00003)

Dear Mr. Shulfer;

At its February 19, 2018 meeting, the Plan Commission found the standards met and **approved** your demolition permit and conditional uses for 4146 Veith Avenue. The conditions of approval in the following sections shall be satisfied prior to issuance of demolition or building permits for the project.

Please contact Brenda Stanley of the City Engineering Division at (608) 261-9127 if you have any questions regarding the following four (4) items:

1. Prior to approval, the owner or owner's representative shall obtain a permit to plug each existing sanitary sewer lateral that serves a building which is proposed for demolition. For each lateral to be plugged the owner shall complete a sewer lateral plugging application and pay the applicable permit fees. The permit application is available on line at <http://www.cityofmadison.com/engineering/permits.cfm>. (MGO CH 35.02(14))
2. All outstanding Madison Metropolitan Sewerage District (MMSD) charges are due and payable prior to Engineering sign-off, unless otherwise collected with a Developer's / Subdivision Contract. Contact Mark Moder (608-261-9250) to obtain the final MMSD billing a minimum of two (2) working days prior to requesting City Engineering signoff. (MGO16.23(9)(d)(4))
3. All work in the public right-of-way shall be performed by a City licensed contractor. (MGO 16.23(9)(c)5) and MGO 23.01)
4. All damage to the pavement on Veith Ave, adjacent to this development shall be restored in accordance with the City of Madison's Pavement Patching Criteria. For additional information please see the following link: <http://www.cityofmadison.com/engineering/patchingCriteria.cfm>. (POLICY)

Please contact Jacob Moskowitz of Zoning at (608) 266-4560 if you have any questions regarding the following seven (7) items:

5. Verify whether trees or vegetation will be removed to accommodate the proposed addition. The development plan shall show a complete inventory of shoreline vegetation in any area proposed for building, filling, grading or excavating. In addition, the development plan shall indicate those trees and shrubbery which will be removed as a result of the proposed development.
6. Filling, grading and excavation of the zoning lot may be permitted only where protection against erosion, sedimentation and impairment of fish and aquatic life has been assured. Obtain necessary erosion control permits.
7. Per Section 28.186(4)(b), the property owner or operator is required to bring the property into compliance with all elements of the approved site plans by the date established by the Zoning Administrator as part of the site and building plan approval. Work with Zoning staff to establish a final site compliance date.
8. Provide lot coverage information for the area within thirty-five (35) feet of the Ordinary High Water Mark (OHWM). Lot coverage within thirty-five (35) feet of the OHWM shall not exceed twenty percent (20%). Public paths within this area shall not be included in the lot coverage limit.
9. Section 28.185(7)(a)5. requires that if a demolition or removal permit is approved, it shall not be issued until the reuse and recycling plan is approved by the Recycling Coordinator, Bryan Johnson (608-266-4682).
10. Section 28.185(10) Every person who is required to submit a reuse and recycling plan pursuant to Section 28.185(7)(a)5. shall submit documents showing compliance with the plan within sixty (60) days of completion of demolition.
11. Section 28.185(9)(a) A demolition or removal permit is valid for one (1) year from the date of the Plan Commission.

Please contact William Sullivan of the Fire Department at (608) 261-9658 if you have any questions regarding the following item:

5. Madison Fire Department recommends the installation of a residential fire sprinkler system in accordance with NFPA 13D. Additional information is available at the Home Fire Sprinkler Coalition website: <https://homefiresprinkler.org/building-residential-fire-sprinklers>. A cost estimate to upgrade the house with fire sprinklers shall be made available to the owner.

Please contact Adam Wiederhoeft of the Water Utility at (608) 266-9121 if you have any questions regarding the following three (3) items:

6. A private well may have served this parcel prior to the municipal water service connection. Any remaining unused/unpermitted private wells existing on this parcel must be properly abandoned according to Wisconsin Administrative Code NR 812 and Madison General Ordinance 13.21 prior to the demolition of the property. Please contact water utility staff at (608) 266-4654 to schedule an on-site private well survey prior to demolition, otherwise for additional information regarding well abandonment procedures and potential well abandonment reimbursement programs.

7. The Madison Water Utility shall be notified to remove the water meter at least two working days prior to demolition. Contact the Water Utility Meter Department at (608) 266-4765 to schedule the meter removal appointment
8. Madison Water Utility will be required to sign off as part of the approval review associated with this Land Use Application/Site Plan Review prior to the issuance of building permits for the proposed development.

Please contact my office at 243-0554, if you have questions regarding the following three (3) items:

9. The following information is provided for the reference of the applicant as many lakefront properties are associated with locations of Native effigy mounds and archaeological sites.

Burial Sites Preservation (§ 157.70):

(2r) Site Disturbance Prohibited. Except as provided under subs (4) and (5) and State Statute 157.111 and 157.112, no person may intentionally cause or permit the disturbance of a burial site or cataloged land contiguous to a cataloged burial site.

(3) Report of Disturbed Burial Sites. (a) Except as provided under s. 979.01, a person shall immediately notify the Wisconsin Historical Society (608-264-6502) if the person knows or has reasonable grounds to believe that a burial site or the cataloged land contiguous to a cataloged burial site is being disturbed or may be disturbed contrary to the requirements of subs. (4) and (5).

Many lakefront properties are associated with locations of Native American effigy mounds and archeological sites. This site is known to be associated with archeological and historic resources. The Burial Sites Preservation statute requires that the property owner contact the Wisconsin Historical Society to discuss the location of the proposed project and any possible disturbance of an archaeological or historic resource before the work commences. During the construction work, if a burial site disturbance occurs, the work shall stop immediately until the Wisconsin Historical Society is able to assess the site.

10. The applicant's final sign-off plans shall include a grading plan that labels the finished-grade elevations at the building corners for approval by Planning Division staff.
11. The applicant shall submit more detailed and legible building elevations for final sign-off.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below for obtaining permits for your project:

1. After the plans have been revised per the above conditions, please file **seven (7) sets** of complete, fully dimensioned, and to-scale plans, the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, 126 S. Hamilton Street. **This submittal shall all also include one (1) complete digital plan set in PDF format.** The sets of final revised plans or documents will be circulated by Zoning staff to the City department staff listed above for their final approval.

2. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting conditional use approval.
3. A demolition or removal permit is valid for one (1) year from the date of the Plan Commission. Where the plans have not been altered since issuance of the demolition or removal permit and the permit has expired, the Director of Planning and Community and Economic Development may, after consultation with the Alderperson of the District, approve an extension for up to 24 months from the expiration date.
4. A conditional use approval is valid for one (1) year from the date of the Plan Commission approval. During this time, the applicant must either lawfully commence the use or obtain a building permit and begin erecting the building. If the applicant obtains a valid building permit, construction must commence within six (6) months of the date of issuance. The building permit shall not be renewed unless construction has commenced as is being diligently prosecuted.
5. Any alteration in plans for a proposed alternative use shall require Plan Commission approval, except for minor alterations. The Zoning Administrator may issue permits for minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the City Plan Commission and the conditional use approval standards.
6. The Plan Commission retains continuing jurisdiction over all conditional uses for the purpose of resolving complaints against all previously approved conditional uses.

If you have any questions regarding obtaining your conditional use or building permits, please contact the Zoning Administrator at 266-4551. If you have any questions or if may be of any further assistance, please do not hesitate to contact my office at 243-0554.

Sincerely,

Sydney Prusak
 Planner

cc: Brenda Stanley, City Engineering Division
 Jacob Moskowitz, Zoning
 William Sullivan, Fire Department
 Bryan Johnson, Streets Division
 Adam Wiederhoeft, Water Utility

I hereby acknowledge that I understand and will comply with the above conditions of approval for the conditional use permit.

Signature of Applicant

Signature of Property Owner (if not the applicant)
