PBMVC Pending List  
8/17/2006

16	West Side Development, particularly infrastructure modifications for intersection Mineral Point and Junction Road	4/26/05 Renamed earlier item about Pioneer neighborhood and asked that it be kept on list.	
17	<b>BICYCLE ISSUES</b>		
18	Bike Parking - Covered and Enforcement of Existing Regulations	Shahan suggested breaking down discussion of bicycle parking into several items. Issues include more parking in downtown area, increasing amount of covered parking/bike lockers in downtown, a change in ordinance to require designs compatible with u-locks, etc. See also item re. Bike Parking - State Street	
19	Bicycle Parking in State Street area	Members asked for various items. Re. Ordinance requirements if it were privately developed property, land uses, inventory of existing bike parking facilities, count of bike parking, signing ideas, etc. 4/26/05 Information on land uses/parking requirements for segment of State Street. After discussion asked that minutes/discussion be forwarded to the State Street Oversight Design committee and request that they report back on what has been done in October.	11/30/04 12/15/04 2/23/05 3/22/05 4/26/05
20	Old Middleton Road Bike Path Accommodations	1/29/02 Requested this be placed on future agenda	
21	School Board Policy as it relates to children under 10 riding to school on bike	Requested 5/27/03 and Bowser noted a July meeting which is planned by Plan Commission and possibly item could be on that agenda and PBMVC invited to join. (Didn't happen)	
22	Bicycle route designation for the peripheral areas of the City	3/22/05 - Asked how this was done; and when it is done, they wanted to see it.	
23	<b>PEDESTRIAN ISSUES</b>		
24	Review of ASCG criteria	7/25/06 -- During discussion of recommendation to remove ASCGs at Atwood-Division and Buckeye-Droster, number of members mentioned need to revisit the criteria	
25	Comprehensive Plan, reference to Pedestrian Plan	7/25/06: It was noted that the Comprehensive Plan does not reference the adopted Pedestrian Plan	
26	<b>TRAFFIC ENGINEERING</b>		
27	Ped Scale signage at signal locations, e.g., change at Midvale and Odana	10/26/99 Request of Kaysen; indicated at that time it would be put on a future agenda. 2/27/01 Staff not clear about item, but decided to leave on list.	
28	Status report by WisDOT on Rules of Road	2/26/02 Kennedy advised that WisDOT's adopted Pedestrian Plan includes a review of DMV's educational and testing methods for rules of the road. There is a sense there isn't enough emphasis on learning things like stopping before turning right on red, stopping at crosswalks, etc.	
29	Amended Resolution 61223, ID 35517 re. Coyne Court	2/04 -- "Traffic Engineering shall conduct a study on the feasibility of adding speed humps to Coyne Court and report back with their findings to the Common Council and PBMVC."	
30	NTMP requirements re: curb & gutter	7/25/06: During discussion of Spring Harbor Neigh Plan, wondered about installing traffic calming in older neighs that don't have curb & gutter
