5. **Required Submittals.** Your application is required to include the following (check all that apply):

- Map Copies** (prepared by a Registered Land Surveyor):
 - For Preliminary Plats, **eighteen (18) copies** of the drawing drawn to scale are required. The drawing is required to provide all information as set forth in Section 16.23 (7)(a) of the Madison General Ordinances. The drawings shall include, but are not limited to, a description of existing site conditions and natural features, delineation of all public and private utilities that serve the site (denote field located versus record drawings), the general layout of the proposed subdivision, the dimensions of lots and outlots, widths of existing and proposed rights of way, topographic information, and any other information necessary for the review of the proposed subdivision.
 - For Final Plats, **sixteen (16) copies** of the drawing are required to be submitted. The final plat shall be drawn to the specifications of Section 236.20 of the Wisconsin Statutes.
 - For Certified Survey Maps (CSM), **sixteen (16) copies** of the drawing are required. The drawings shall include all of the information set forth in Sections 16.23(7)(a)&(d) of the Madison General Ordinances, including existing site conditions, the nature of the proposed division and any other necessary data. Utility data (field located or from utility maps) may be provided on a separate map submitted with application.
 - All surveys submitted with this application are required to be collated, stapled and folded so as to fit within an 8 1/2" X 14" folder. An **8-1/2" X 11-inch reduction of each sheet** shall also be submitted.
- Letter of Intent: Twelve (12) copies** of a letter describing the proposed subdivision in detail including, but not limited to: the number and type/ use of lots proposed with this subdivision; existing conditions and uses of the property; development and phasing schedule for the project, and; the names of persons involved (contractor, architect, landscaper, business manager, etc.). ***The letter of intent for a subdivision can be the same document as the letter of intent required for a concurrent Land Use Application for the same property. **A letter of intent is not required for Subdivision Applications for lot combinations or split duplexes.**
- Report of Title and Supporting Documents:** All plats and certified surveys submitted for approval shall include a Report of Title satisfactory to the Office of Real Estate Services as required in Section 16.23 of the Madison General Ordinances. A minimum of **two (2) copies** of a City of Madison standard 60-year Report of Title shall be obtained from a title insurance company. **Title insurance or a title commitment policy is NOT acceptable** (i.e. a Preliminary Title Report or a Record Information Certificate). The applicant shall submit a copy of all documents listed in the Report of Title for each copy of the report submitted.
- For any plat or CSM creating common areas to be maintained by private association: Two (2) copies** of proposed development restrictions and covenants shall be submitted for City approval prior to recording of the survey instrument.
- For Surveys Outside the Madison City Limits:** A copy of the approval letters from both the Town where the property is located and Dane County must be submitted with your request. The City of Madison may not consider a survey within its extraterritorial jurisdiction without prior approval **Town and Dane County**.
- For Surveys Conveying Land to the Public:** A Phase I Environmental Site Assessment Report may be required if any interest in these lands are to be conveyed to the public. Please contact the City's Office of Real Estate Services at 266-4222 for a determination as soon as possible.
- Electronic Application Submittal:** All applicants are required to submit a copy of this completed application form, and preliminary and/or final plats or Certified Survey Map as individual Adobe Acrobat PDF files compiled either on a non-returnable CD-ROM to be included with their application materials, or in an e-mail sent to pcapplications@cityofmadison.com. The transmittal shall include the name of the project and applicant.

RE: 130 East Gilman Street – Land Division/Certified Survey Map

Dear Tim,

The Board of Regents of the University of Wisconsin System is submitting an application to subdivide our current parcel at 130 East Gilman Street (Parcel #251-0709-144-0203-0). This action will allow us to dispose of approximately the front half of our property as the University no longer has a use for the building on the proposed Lot 1. The facility will be first offered to other University of Wisconsin System campuses/functions before a public sale would occur.

The Board of Regents will continue use of Lot 2, which houses the university’s Lifesaving Station, part of our Department of Environmental Health & Safety. The station, on Lake Mendota, provides lake safety and rescue operations serving boaters and swimmers of the UW-Madison and greater Madison community.

It is difficult to project what the future use of Lot 1 will be, but likely it will be residential or office/commercial uses based on the size and layout of the large house. The house was built in 1855-1856, by Julius T. White and was first known as the “White House”. The building was purchased in 1883 by then governor Jeremiah Rusk, who sold it to the State of Wisconsin for use as the governor’s executive residence. Including Rusk, seventeen Wisconsin governors have lived in the house through 1949. Governor Warren P. Knowles resided there for a short period of time in 1956 during the remodeling of the present executive residence in Maple Bluff. The house was purchased in 1950 by the University for use as graduate student housing for our Knapp Scholars program. The building was listed on the National Register of Historic Places in 1973 and has been designated as a city of Madison Landmark. If the Board of Regents sells the property, a permanent historic preservation easement/covenant will be attached to the transfer deed to assure the historic building is maintained appropriately per the National Park Service’s Secretary of Interior Standards.

The house on Lot 1 is in generally fair condition and useable in it’s current state, but will need some improvements to keep some of the old sandstone exterior from further deterioration. The house is also not fully accessible for individuals with disabilities. Interior walls are lathe and plaster which shows some minor cracking in a few rooms. At this time there are no plans by the university to further develop Lot 2 (the property around the Life Saving Station) or make significant changes to Lot 1 prior to disposition. Those involved in this land division/CSM process include:
