Dear Members of the ALRC and City Council,

Please don't let the complaints of a select few in the neighborhood (who have always been opponents of the new Edgewater Hotel) ruin the liveliness and enjoyable music and movie events they put on.

I am a resident at XXXXXXXXX, one pier to the east of the hotel. And, while I occasionally hear the concerts at The Edgewater, I do not find them disruptive to the enjoyment of my residence and am reminded there is something fun to do a short walk away and might wander over.

These programs and the liveliness of The Edgewater are a plus in the neighborhood. The Edgewater has been respectful of the neighborhood and have limited the times of events to be responsive to concerns.

Please allow The Edgewater to continue the programming that conforms to city noise and time rules. It's part of living downtown and only adds to the reasons to live here.

Thank you.

Kim Donovan
