RE: Consideration of a demolition permit to demolish a storage building and two single-family residences at 5001, 5005 and 5013 Femrite Drive. (ID [86521](#), LNDUSE-2024-00108)

On February 3, 2025, the Plan Commission found the standards met and **conditionally approved** your demolition permit for 5001, 5005 and 5013 Femrite Drive. In order to receive final approval of the demolition permit and for any other permits that may need to be issued for your project, the following conditions shall be met:

**Please contact Brenda Stanley of the Engineering Division at (608) 261-9127 if you have any questions regarding the following three (3) items:**

1. Obtain a permit to Excavate in the Right-of-Way for completing the improvements in the public Right-of-Way. The permit application is available on the City Engineering Division website at <http://www.cityofmadison.com/engineering/Permits.cfm>. As a condition of the permit a deposit to cover estimated City expenses will be required.
2. Obtain a permanent sewer plug permit for each existing sanitary sewer lateral serving a property that is not to be reused and a temporary sewer plug permit for each sewer lateral that is to be reused by the development. The procedures and fee schedule is available online at <http://www.cityofmadison.com/engineering/permits.cfm>. (MGO CH 35.02(14))
3. This project will disturb 20,000 sf or more of land area and require an Erosion Control Plan. Please submit an 11" x 17" copy of an erosion control plan (pdf electronic copy preferred) to Megan Eberhardt (west) at [meberhardt@cityofmadison.com](mailto:meberhardt@cityofmadison.com), or Daniel Olivares (east) at [daolivares@cityofmadison.com](mailto:daolivares@cityofmadison.com), for approval.

Demonstrate compliance with Section 37.07 and 37.08 of the Madison General Ordinances regarding permissible soil loss rates. Include Universal Soil Loss Equation (USLE) computations for the construction period with the erosion control plan. Measures shall be implemented in order to

maintain a soil loss rate below 5.0 tons per acre per year. The WDNR provided workbook to compute USLE rates can be found online at <https://dnr.wi.gov/topic/stormwater/publications.html>

Complete weekly self-inspection of the erosion control practices and post these inspections to the City of Madison website - as required by Chapter 37 of the Madison General Ordinances.

**Please contact Luke Peters of the Traffic Engineering Division at (608) 266-6543 if you have any questions regarding the following three (3) items:**

4. All existing driveway approaches which are to be abandoned shall be removed and replaced with curb and gutter and noted on the plan.
5. The applicant shall submit one contiguous plan showing proposed conditions and one contiguous plan showing existing conditions for approval. The plan drawings shall be to engineering scale and include the following, when applicable: existing and proposed property lines; parcel addresses; all easements; vision triangles; pavement markings; signing; building placement; items in the terrace such as signs, street light poles, hydrants; surface types such as asphalt, concrete, grass, sidewalk; driveway approaches, including those adjacent to and across street from the project lot location; parking stall dimensions, including two (2) feet of vehicle overhang; drive aisle dimensions; semitrailer movement and vehicle routes; dimensions of radii; and percent of slope.
6. The Developer shall post a security deposit prior to the start of development. In the event that modifications need to be made to any City owned and/or maintained traffic signals, street lighting, signing, pavement marking and conduit/handholes, the Developer shall reimburse the City for all associated costs including engineering, labor and materials for both temporary and permanent installations.

**Please contact Jenny Kirchgatter, Assistant Zoning Administrator at (608) 266-4429 if you have any questions regarding the following two (2) items:**

7. Section 28.185(9)(b) requires that every applicant for a demolition or removal approval that requires approval by the Plan Commission is required to get a Reuse and Recycling Plan approved by the City Recycling Coordinator, Bryan Johnson at [streets@cityofmadison.com](mailto:streets@cityofmadison.com) prior to receiving a raze permit. Every person who is required to submit a reuse and recycling plan pursuant to Section 28.185(9)(b) shall submit documents showing compliance with the plan within sixty (60) days of completion of demolition. A demolition or removal permit is valid for two (2) years from the date of the Plan Commission approval.
8. Approval of the demolition will require the removal of all structures including the principal buildings, accessory buildings, parking lot, driveways and paved areas. The driveway aprons shall be removed and replaced with curb and gutter as per City of Madison Engineering and Traffic Engineering requirements. During demolition and prior to curb and gutter, barriers shall be installed across the driveways to prevent the parking of vehicles. Disturbed areas shall be graded and seeded or sod planted to minimize erosion.

**Please contact Jeff Belshaw of the Water Utility at (608) 261-9835 if you have any questions regarding the following one (1) item:**

9. Private wells may have served the parcels associated with this project prior to municipal water service connections. The existing properties will require an internal and external survey for potential unabandoned private wells prior to proceeding with demolition. Any remaining unused/unpermitted private wells existing on this parcel must be properly abandoned according to Wisconsin Administrative Code NR 812 and Madison General Ordinance 13.21 prior to the demolition of the property. Please contact water utility staff at (608) 266- 4654 to schedule an on-site private well survey prior to demolition, otherwise for additional information regarding well abandonment procedures and potential well abandonment reimbursement programs. The Madison Water Utility shall be notified to remove the water meter at least two working days prior to demolition. Contact the Water Utility Meter Department at (608) 266-4765 to schedule

**Please contact Jeffrey Quamme of the City Engineering Division – Mapping Section at (608) 266-4097 if you have any questions regarding the following three (3) items:**

10. Identify on the plans the lot numbers of recorded Certified Survey Map and Plat.
11. The site plan shall label any impervious areas to remain after demolition is complete.
12. Provide a full and complete legal description of the site or property being subjected to this application on the site plan.

**Please contact Trent Schultz of the Parking Utility at (608) 246-5806 if you have any questions regarding the following one (1) item:**

13. The agency reviewed this project and determined a Transportation Demand Management (TDM) Plan is not required as part of demolition permit review. A TDM Plan is expected to be required as part of any future development.

**Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.**

**Please now follow the procedures listed below for obtaining your demolition permit:**

1. After the plans have been revised per the above conditions, please submit one (1) complete digital plan set in PDF format and any other supporting materials that are necessary, as specified in this letter to [sprapplications@cityofmadison.com](mailto:sprapplications@cityofmadison.com) (note: A 20MB email limit applies and multiple transmittals may be required). The sets of final revised plans or documents will be circulated by Zoning staff to the City department staff listed above for their final approval.
2. A check for the site plan review fee shall be mailed to the City of Madison Building Inspection Division; PO Box 2984; Madison, WI 53701-2984.
3. City Agencies who submitted conditions of approval will review your revised plans to verify that their conditions, along with any applicable requirements, have been satisfied. When the revised plans are submitted, the applicant will be emailed a hyperlink to a website to follow, in real time, which agencies have reviewed the revised documents, and signed off or need additional information.

4. A demolition or removal permit is valid for two (2) years from the date of the Plan Commission. Where the plans have not been altered since issuance of the demolition or removal permit and the permit has expired, the Director of Planning and Community and Economic Development may, after consultation with the Alderperson of the District, approve an extension for up to 12 months from the expiration date.

**If you have any questions regarding obtaining your demolition permit or building permits, please contact the Zoning Administrator at 266-4551.** If you have any questions or if I may be of any further assistance, please contact my office at 243-0554 or [lmcnabola@cityofmadison.com](mailto:lmcnabola@cityofmadison.com).

Sincerely,

Lisa McNabola  
Planner
