Applicant: Annie Laurie Gaylor

Applicant's Comments: Demolition is needed for expansion of 304 West Washington Ave. Our building dates to 1855 (with small addition in 1940s) and is about 3,000 sq. feet. This will provide space for an addition to our existing building that is much more compatible with our space and staffing requirements. FFRF has an accepted offer to purchase 10/12 N. Henry from Cliff Fisher.

Staff findings: The preservation file states that this building was constructed in 1911 as a flat for Henry and Ida Johnson. Henry Johnson was a railroad engineer.
