Hey Abner,

We reached out to our neighbor Heidi this evening. She sent the following email on our behalf. I hope this helps.

Subject: Construction at 501 N. Rosa Rd.

To: ediehl2@gmail.com <ediehl2@gmail.com>

To whom it may concern:

I am comfortable with and approve of the construction on the property at 501 N. Rosa Rd. This property is next door to my house and will provide the residents with a sheltered entrance, will enhance the property and is comparable to other front porches in the neighborhood. I see no detriment to my own property by supporting this construction.
