Bryan,

I did meet with Trent last month and an agreement was made that I would support modify your Entertainment License to include all areas of your business with the understanding that there would be a restriction on the license related to hours. The restriction was that entertainment could not go past midnight. Capt Gloede and/or Capt Schauf will be at the meeting representing the police department.

Thanks

Capt Jay Lengfeld

Capt. Lengfeld,

I believe Trent Kraemer spoke with you last month regarding the request to modify our 21+ Entertainment License to allow live music in all areas of the building, not just in the banquet room. I wanted to let you know that I submitted the application for the change to the City Clerk's office today so we can be included on the agenda for the Dec 15 ALRC meeting. I was also hoping to receive something from you to include with our ALRC application indicating your support for removing this restriction. We would like to be able to allow 2 to 4 person bands to provide free entertainment to our guests during Happy Hour and dinner. We plan on having jazz, folksy, acoustical, or light amplification style bands. The City Clerks office would like something by this Friday, if possible. Anything that you can provide would be greatly appreciated. If you have any other questions, you can call Trent at 577-2693 or me at 516-5828.

Thank you.
