Good Afternoon Transportation Commission,

Hope you've been well, and Happy Friday to you! My name is Brent Truitt, I'm reaching out on behalf of Bird, the leader in micromobility. Hoping to set aside time with you to discuss our transportation program for the City of Madison.

We would be happy to schedule a zoom call to elaborate on the many positive programs we can offer, while proudly becoming a great partner of the community! Our goal is to help support and innovate the community with sustainable transportation, while helping better the environment.

Additionally, the best part of our program is, we provide the equipment up front and there is no cost to the city!

Would you be available next week to discuss this further?
