To Whom It May Concern,

I cannot make it to the hearing tonight, but I wanted to voice my support for supplementing Route 2 in the morning.

I support increasing the frequency of trips on Route 2 in the morning. I own a townhouse on Fordem Ave. and have been using Route 2 since 2005 when I purchased my home. I used to work downtown and now I am a student at the Law School. I also use Route 28 during the academic year and I am using it to go to work on campus this summer.

Both routes tend to be crowded in the morning and evenings--even now with school not in session. Any increase in the frequency of trips will help make the bus ride more pleasant for all riders, and thus encourage people to keep choosing public transportation.
