RE: 3235/3237 Burke Avenue, 3236 Commercial Avenue, and 3300 Commercial Avenue (Individual applications are being submitted for each building)
Project name – Mathea (working name)
Landmarks Commission - Letter of Intent

COMMISSIONERS, on behalf of the Mathea owners, we are seeking approval from the Landmarks Commission to advance this project for submission to the Madison Site Plan Verification Process. This request is for a new development to be located fronting both Commercial Avenue (Hwy 30) and Burke Avenue. The proposed buildings will be a mixed-use development consisting of an office building and a multi-family residential building. The Urban Design Commission (UDC) review will not be a part of this application process. Final addresses have not yet been assigned.

Relationship to existing landmark structures – The site of the proposed development is located on Commercial Avenue along the Hwy 30 corridor as motorists approach the East Washington Avenue exit access. The site is a full block in depth and the proposed development will also front the residential neighborhood along Burke Avenue to the north.

- The existing development in the immediate area consists largely of established industrial and commercial structures fronting Hwy 30. No known property with a historic designation is known.
- The Burke Avenue frontage faces established single and multi-family residences. No known property with a historic designation is known.

Proposed Two Building Development – Project demolition will include:

- Removal of the multi-family residence known as 3235 and 3237 Burke Avenue.
- Removal of a single-story commercial building located as 3236 Commercial Avenue. Currently occupied by Ultimate Arts Tattoo.
- Removal of the single-story office and warehouse facility located at 3300 Commercial Avenue. This building is currently occupied by four commercial tenants.
- The original architects, builders, and years of construction are not known.

The proposed Development will consist of two main new structures:

- A single-story commercial use building fronting Commercial Avenue providing an updated image to this highway access to Madison.
- An 'L' shaped multi-family building fronting Burke Avenue and an internal courtyard. Walk-up units facing Burke Avenue in the three-story section of the building along with traditional internally accessed units facing the internal courtyard.

Supplemental Information

- Photos of the existing buildings will be forwarded for each building proposed for demolition.
- \$600 application fee is being forwarded. Please clarify if the fee is per building or per development.
- Owners signature will be routed for record.

The overall project intent is to develop a property that meets the intent of all City and planning guidelines by designing a building that presents a new professional building on this access corridor to the City while presenting a residential feel facing Burke Avenue. This project does require Conditional Use approval and all materials for this approval are being submitted.
