## Summary

Attached is a draft list of goals, objectives, and strategies that has been developed for the Historic Preservation Plan. This document includes the goals and objectives that were previously approved by the Historic Preservation Plan Advisory Committee. The strategies are based on actions that are already occurring, ideas received through public input, and additional recommendations from the consultants and staff. This is an exhaustive list of possible strategies to achieve the goals and objectives. The next step in the process will be narrowing the list of possible strategies by prioritizing those that are most strategic. On October 10, the Historic Preservation Plan Advisory Committee reviewed the list and suggested changes that are reflected in the attached document.

The Landmarks Commission should review and discuss the draft. Any comments will be forwarded to the Historic Preservation Plan Advisory Committee for their use as they begin to narrow and prioritize the list of strategies.
