**Subject:** Beth Skogen - Bed and Breakfast

Hello,

My name is Sean Freidel and I am Beth's next door neighbor. I feel her having a bed and breakfast would be excellent for the community. There is a good opportunity for her customers to visit our local businesses which would be great for the surrounding Atwood neighborhood. This seems like an excellent opportunity for Beth and those that live in the area, I strongly approve this!

**Subject:** Support for Bed & Breakfast

Hello Tim, Marcia and Plan Commission Members~

This is to support Beth Skogen's request for approval of a bed & breakfast in her home on Linden Avenue.

Having lived at [REDACTED] Linden Avenue for more than a decade, my husband and I appreciate living in a diverse, inclusive, multi-use and walkable neighborhood.

Like Beth, we have contributed to the beauty, texture and sustainability of Linden Avenue by establishing native plantings (now in flowering bloom) in the public terrace and a small vegetable garden alongside the building.

Just as our native plantings attract and sustain birds, butterflies and beneficial insects (fireflies), we support Beth's interest in attracting diverse visitors who will also support sustainable economic development of our neighborhood businesses.

Thank you,  
~Elena Rulseh
