The screenshot displays the software's interface for processing an Alabama driver's license. On the left, a scan of the license is shown with a '31' in the top right corner. On the right, a detailed verification report is displayed, including a photo of the license holder, personal details, and a list of checks.

Checks	Status
Age	✓
Expiration	✗
Barcode/Mag Stripe	✓
Infrared	✓
Cross Checking	✗
Microprint / Patterns	✓
Risk Factors	✗

Additional information shown includes: Today 03-09-2010 03:53 PM, Expires 04-07-2009, and a warning for 'EXPIRED!' with a red 'X' icon. The license holder's name is HEIDI VON V. SAMPLE, born 07-06-1978, with a '31 Cancer' designation.

The **Visual AIDD™** Screen takes the risk out of Age and ID Verification!

## Features & Benefits

### EASY TO USE

- Fully Automatic – Read & Authenticate
- Reads virtually ALL licenses & IDs in North America (optional International)
- Simple and intuitive user interface
- Based on the same AssureID™ authentication technology used in government

### POWERFUL

- Flags suspect IDs which are fake or have been tampered
- Updateable Document Library
- Checks Hidden Security Features
- Reads data front and back and crosschecks I
- Magnified view of ID and FACE!
- Displays Biometric characteristics
- Transactions can be securely logged

### ACCURATE

- Reads both sides of licenses and IDs (duplex)
- 24 bit color image (front and back)
- Infrared front image provides additional fake detection capability
- High resolution scan 600 DPI (sufficient for detecting "microprint")
- Highly accurate OCR reading of printed text
- Reads 2D (PDF-417) or 1D barcodes front or back
- Reads and checks Magnetic Stripe information

### COMPATIBLE

- Small counter footprint
- Reliable and rugged field proven hardware
- Industry standard USB-2 interface
- Works with existing Windows based POS
- Accessible card travel path (cover lifts easily)
- Easy maintenance & cleaning
- Accommodates varying card widths
