117 State Street

Commercial, constructed 1916 with addition in 1925 and new storefront in 1959, considered a non-contributing building in potential State Street National Register Historic District.

Google street view image

**Applicant's Comments:**

The building façade along State Street will be reconstructed to more closely resemble how the building looked during the early 1900's. The building will retain retail use on the ground floor and offices above.

121 State Street

Commercial, C. E. Buell Commercial Building constructed 1912, considered a contributing building in potential State Street National Register Historic District.

Google street view image

Applicant's Comments: The building façade along State Street will be reconstructed to closely match how it looks today. The building will retain retail use on the ground floor and offices above.

**125 State Street, Designated Local Landmark**

Commercial, Castle & Doyle Building constructed 1856 with alterations in 1921 attributed to Claude & Starck, considered a contributing building in potential State Street National Register Historic District.

Applicant's Comments: Under the supervision of a restoration specialist, the historic terra cotta building façade along State Street will be carefully deconstructed and rebuilt. The brick facade along Fairchild St will also be rebuilt. The building will retain retail use on the ground floor and offices above.

127 State Street

Commercial, Francis Vallender Block constructed 1867, considered a contributing building in potential State Street National Register Historic District.
