July 23, 2010

Maribeth Witzel-Behl
City Clerk
City of Madison
Room 103
210 Martin Luther King, Jr. Blvd
Madison WI 53703-3342

Dear Maribeth:

The Town of Burke has received the notice of a proposed immediate attachment of Cherokee Park, Inc. to the City of Madison.

Although Section 10 of the "Final Town of Burke, Village of DeForest, City of Sun Prairie and City of Madison Cooperative Plan (Cooperative Plan)" does not require action from the Town of Burke, Section 9.C(5) of the Cooperative Plan states "All Intermediate Attachments shall include one half of the full width of abutting Town roads unless otherwise agreed by the Town and, if applicable, any other municipality that is, or following the effective date of the Final Attachment Ordinances will be, adjacent to the lands being attached." Based on the map attached to the petition, it looks like the full width of Wheeler Road will be attached to the City.

If that is the case, it is the position of the Town that the Town Board needs to agree to the attachment of the full width of the road. The Town Board will not be able to take action to agree or disagree with the attachment of the full width of Wheeler Road until its meeting on August 4, 2010, which occurs after the Common Council is scheduled to hear the request. Please inform the Common Council of the Town's position.

Sincerely,

Brenda M. Ayers
Clerk/Treasurer
Town of Burke
