Non-Competitive Selection Request

Requisition Number

Fund
1400 CAPITAL PROJECT

Major
53*** Supplies/Goods

Agency
Fire

Total Purchase Amount
\$ 119,012.00

Vendor Name
Precision Installations Inc.

Product/Service Description
Upfitting of four 2025 Ford Transit vans purchased from PO 24003943 with equipment needed to support the CARES Program.

Exception Criteria
2. The services or goods required are available from only one person or firm (i.e., true sole source).

Reason For Request
The custom upfitting of the 4 Ford Transit vans from PO 24003943 by Precision Installations Inc. is a critical component that is needed by the Community Alternative Response Emergency Services (CARES) Program in order to properly respond to the mental and behavioral health emergencies that occur in our community. Since this program is relatively new, we do not have a network of vendors that can provide a mass-produced interior layout on the Ford Transit van to support the environment needed to make the CARES program successful. With no established vendor network, we are unable to get multiple bids from vendors capable of doing this type of work while providing government pricing and is why this is considered, true sole source.
