## Letter of Intent

To Landmarks Commission,

I am submitting this Landmarks Commission Application and supporting documents to express the intent for removal after the fact of a dilapidated and dangerous metal garage structure. This structure stood prior to use purchasing the property and was in a state of disrepair. Over the years as the cars grew they became too large to get into the parking spaces and people hit the support columns. It was an eye sore and was dangerous to our tenants and anyone that may come onto our property. With the structure in bad condition I removed it with only good intentions in mind.

I have attached photos of the garage prior to it being removed and of the lot with the garage removed. I had a site plan survey done that now shows this structure removed. I have two site plans attached with one showing its approximate location and one showing without the garage.

Thank you,

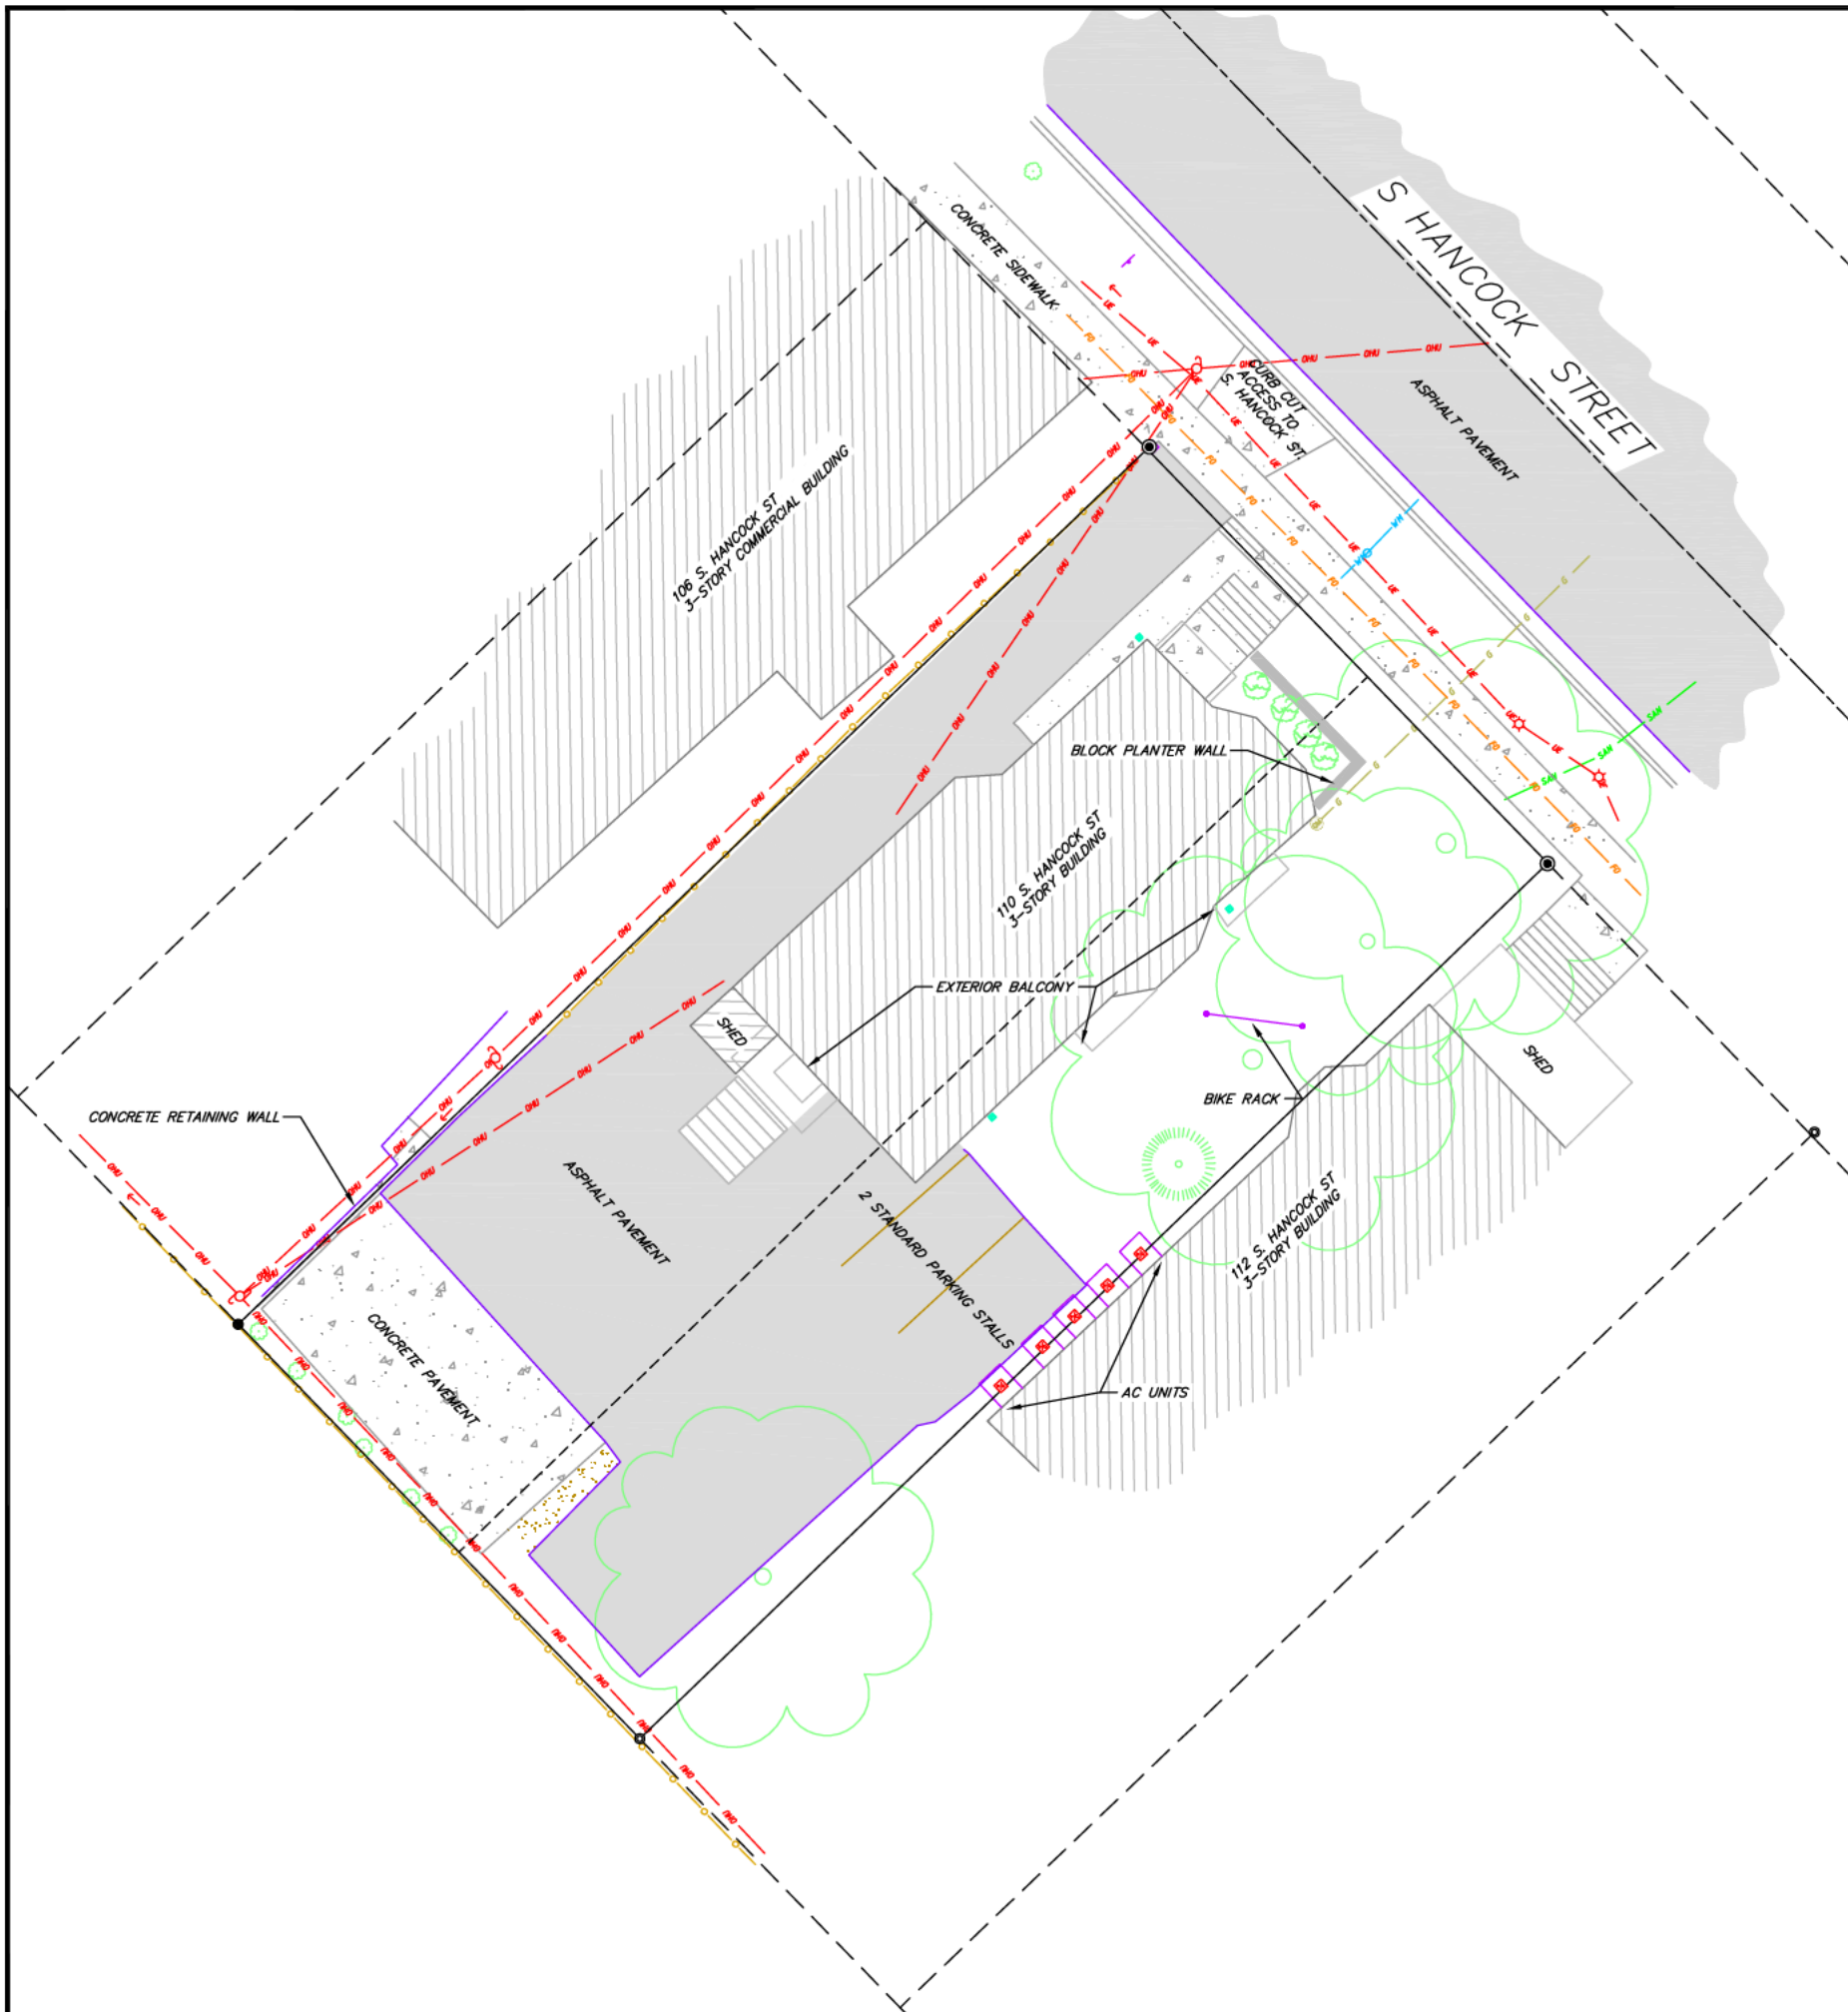

Colin Smith
