**TO: Property Owners near Nakoma Road and Manitou Way**

**RE: Proposed Storm Sewer Installation in conjunction with the Shawnee Pass Reconstruction Project**

You have previously received notification about the Shawnee Pass Reconstruction project that will be presented to the **Board of Public Works on January 29, 2024, at 5:30pm**. Please be aware that this project also includes work on Nakoma Road and Manitou Way for the replacement of a large storm sewer box culvert. Project details are provided below. This is additional notification for those potentially impacted in the storm sewer project.

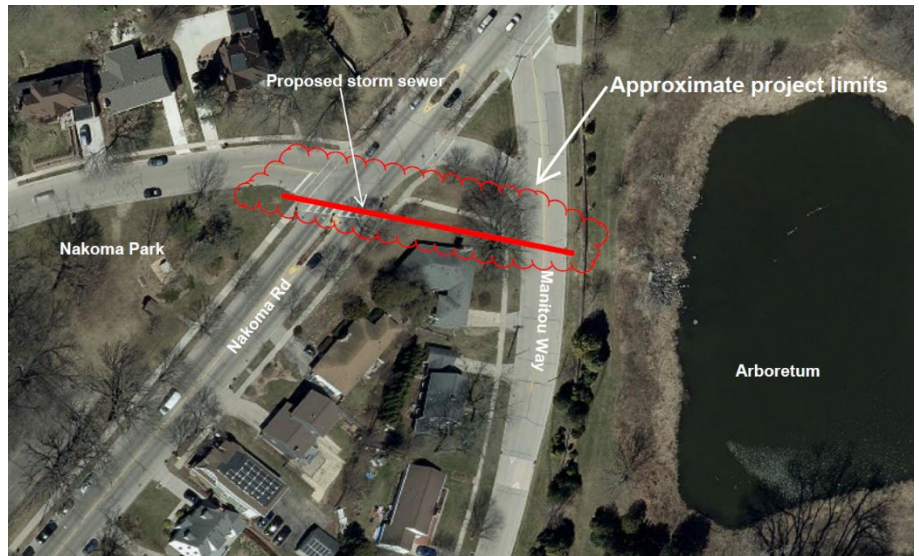

**Project Description:**

In 2024, it was discovered that the storm sewer box culvert that extends from Nakoma Park to the pond within the Arboretum was failing under the roadway. The City will be replacing portions of the failing storm sewer in conjunction with the Shawnee Pass Reconstruction project.

The new storm sewer box culvert will be replaced with a larger sized pipe that is in keeping with the Wingra West Watershed Study flood mitigation recommendations.

For more information on the watershed study please go to the project page and click on the final report link:

<https://www.cityofmadison.com/engineering/projects/wingra-west-watershed-study>

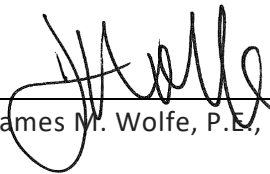

The storm sewer replacement is **not assessable**; however, there will be impacts to traffic on both Nakoma Rd. and Manitou Way. This work will be completed in the summer of 2025.

**How to be Involved:**

Board of Public Works will be held remotely via Zoom and the public can attend using a laptop or call in by phone. If you would like instruction on how to participate, please email [boardofpublicworks@cityofmadison.com](mailto:boardofpublicworks@cityofmadison.com). **Please register for the Shawnee Pass Reconstruction item on the agenda.** The Board will consider any objections that may be filed in writing or in person and hear all persons desiring to be heard.

If you require an interpreter, materials in alternate formats, or other accommodations to access this public hearing, please contact the Engineering Division at phone (608) 266-4751, or email us at [engineering@cityofmadison.com](mailto:engineering@cityofmadison.com). Please make contact at least 72 hours prior to the date of this meeting so that we can make proper accommodations. If you have questions related to the storm sewer installation on Nakoma Rd and Manitou Way, please contact Janet Schmidt at [jschmidt@cityofmadison.com](mailto:jschmidt@cityofmadison.com).

Sincerely,

  
James M. Wolfe, P.E., City Engineer
