RE: File No. LD 0625 – Certified survey map – 505-555 S. Midvale Boulevard (Midvale Plaza Joint Venture).

Dear Ms. Burse:

The two-lot certified survey of property located at 505-555 S. Midvale Boulevard, Section 29, Township 7N, Range 9E, City of Madison, Dane County, Wisconsin, is hereby **conditionally approved**. Approval of this CSM was held pending consideration of a concurrent rezoning request for the site. The property was recently rezoned PUD-GDP-SIP on July 18, 2006. The PUD has not yet been recorded.

The conditions of approval from the reviewing agencies for the CSM are:

Please contact Janet Gebert, City Engineering, at 266-4751 if you have questions regarding the following nine conditions:

1. The applicant shall dedicate right of way along Tokay Boulevard to a line parallel to and one foot north of existing public sidewalk.
2. A note shall be added to the CSM stating “All lots created by this CSM are required to comply with Chapter 37 of the Madison General Ordinances at the time they develop.”
3. A separate sanitary lateral shall serve each lot.
4. Existing sidewalk encroaches upon this property. If the proposed sidewalk relocation is not approved in PUD application, the owner must dedicate fee title right-of-way and/or permanent easement for said sidewalk.
5. Check font in Legal Description for quarter calls.
6. Arrows shall be added to the certified survey map indicating the direction of drainage for each property line not fronting on a public street. In addition, the certified survey map shall include lot

corner elevations, for all lot corners, to the nearest 0.25-foot. The following notes shall be added to the certified survey map.

- a.) Arrows indicate the direction of surface drainage swale at individual property lines. Said drainage swale shall be graded with the construction of each principal structure and maintained by the lot owner unless modified with the approval of the City Engineer. Elevations given are for property corners at ground level and shall be maintained by the lot owner.
 - b.) All lots within this survey are subject to a public easement for drainage purposes which shall be a minimum of 6-feet in width measured from the property line to the interior of each lot except that the easement shall be 12-feet in width on the perimeter of the certified survey map. Easements shall not be required on property lines shared with green ways or public streets. No structures may be constructed within said easement and no other obstructions to drainage, including landscaping are permitted without the prior written approval of the City Engineer.
7. If the lots within this certified survey map are inter-dependent upon one another for storm water runoff conveyance, and/or a private drainage system exists for the entire site an agreement shall be provided for the rights and responsibilities of all lot owners. Said agreement shall be reviewed and placed on file by the City Engineer, referenced on the certified survey map and recorded at the Dane County Register of Deeds.
 8. A minimum of two (2) working days prior to requesting City Engineering signoff on the CSM, the applicant shall contact Janet Gebert to obtain the final stormwater utility charges that are due and payable prior to sub-division of the properties. The stormwater utility charges (as all utility charges) are due for the previous months of service. All charges shall be cleared prior to the land division (and subsequent obsolesces of the existing parcel).
 9. All outstanding Madison Metropolitan Sewerage District (MMSD) and City of Madison sanitary sewer connection charges are due and payable prior to connection to the public sewerage system.

Please note that the City Real Estate Office is reviewing the report of title provided with this survey and may have comments. That office will send any comments to you by fax. If you have any questions, please contact Jeff Ekola at 267-8719 for more information.

A resolution authorizing the City to sign the CSM and any other documents related to the proposed land division was adopted by the Common Council on June 6, 2006.

As soon as the comments and conditions have been satisfied as verified with a completed affidavit form (enclosed), the original along with the revised Certified Survey Map, with all signatures and approvals from the reviewing agencies, shall be brought to this office for final signoff. You or your client may then record the certified survey at the Dane County Register of Deeds. For information on recording procedures and fees, contact the Register of Deeds at 266-4141.

Upon acceptance and recording of the certified survey map by the Dane County Register of Deeds, please transfer the recorded volume, document number, and page numbers to the copies and forward a copy to this office for our records.

The original survey map with the recording information is permanently kept on file in the Dane County Register of Deeds Office. A copy of the recorded document can be obtained from the Register of Deeds Office, Room 110, City-County Building or the Real Estate Office in the Madison Department of Planning and Development.

Any appeal from this action, including the conditions of approval, must be filed with the Circuit Court within thirty (30) days from the date of this letter. The approval of this CSM shall be null and void if not recorded in **six months** from the date of the approving resolution. If you have any questions or if you may be of any further assistance, please do not hesitate to contact my office at 261-9632.

Sincerely,

Timothy M. Parks
Planner
