Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

A resolution approving the CSM and authorizing the City to sign it and any other documents related to the proposed land division was passed by the Common Council at its November 2, 2021 meeting.

Approval of this Certified Survey Map does not include any approval to demolish existing buildings or construct new buildings on the subject site. A letter with the conditions of approval for the related redevelopment of the site was sent separately.

In order to commence the process for obtaining the necessary City signatures on the Certified Survey Map, the applicant shall e-mail the revised CSM, updated title report, and any other materials required by reviewing agencies to the reviewing planner. The reviewing planner will share the updated materials with the relevant commenting City agencies for them to verify that their conditions have been satisfied and that the secretary or designee may sign the Plan Commission approval certificate. Once the Plan Commission certificate is executed, the Planning Division will transmit the CSM to the City Clerk's Office for execution of the Common Council certificate.

Once all of the necessary City signatures have been affixed to the Certified Survey Map, the instrument will be returned electronically to the applicant by the Planning Division for printing and recording at the Dane County Register of Deeds Office. For information on recording procedures and fees, please contact the Register of Deeds at 266-4141.

Any appeal from this action, including the conditions of approval, must be filed with the Circuit Court within 30 days from the date of this letter. **The approval of this CSM shall be null and void if not recorded in twelve (12) months from the date of the approving resolution or this letter, whichever is later.**
