Subject: Fwd: Doggie Day Care Proposal by Ideal

Hi, Tim.

I am writing to express concern about and opposition to the proposed doggie daycare at the Ideal.

I am a retired resident and am at home during the daytime.

I live across the alley from the Ideal apartment. At the time it was proposed we advised the developer and the City that the proposed retail space was unlikely to be filled, given that St. Mary's, a couple of blocks down on Park Street, has been unable to fill their first floor retail space since opening.

Now comes a proposal from Ideal to put a Doggie Day care in the retail space. I assume the business will be wanting to let the dogs out, as they say. That forebodes a big increase in noise in the neighborhood. It is an inappropriate place for such an operation, which would be more fitting in a less residential environment.

I would like to attend the hearing on the proposal this coming Monday to express my concerns but I tutor literacy on Monday evenings and this is the final week of the semester. I hope you can pass along my concerns for me.

Thanks in advance you for your help and please feel free to call me if you have any questions. Hope you are well.

Regards,

Amy
