To Whom It May Concern:

4/29/11

I have on several Occasions worked with Joe Johnson & Jason Wells at their Tall Paul's Portage location, with several of the bands that I book and promote, and my own band.

I was very upset to hear that they were moving out of there!

I have nothing but good things to say about the way they run their business. They were professional with booking, and all their staff was very professional, kind and courteous.

It's a comfortable feeling to walk into an establishment and see 4 bouncers. It's even better to see those 4 bouncers not have to break up a single fight or altercation all evening; despite the fact there is Heavy Rock band in the house.

It wasn't until my own band was done playing, and we were out back loading up that a woman who wasn't even at Tall Paul's that night came and started messing with myself, my wife and my other band members. After this went on and we asked her to leave us alone several times (and she wouldn't) that I went and asked The Tall Paul's bouncers to come out back and handle the problem. They aided us immediately and asked the woman to leave the premises. She agreed but then tried to get back to our loading area. They at that time grabbed her and escorted her off the premises – They were very professional about this and did so without handling the woman abusively in any manor.

Myself & my other bands look forward to the opportunity to work with Joe & Jason anytime again in the future! They run a well-kept, clean club and ensure a safe working environment for their entertainers as well as for their customers.

I don't drink... They were cool even though all I ordered was water!!
