From: Kenneth Raffa, Sunset Village President

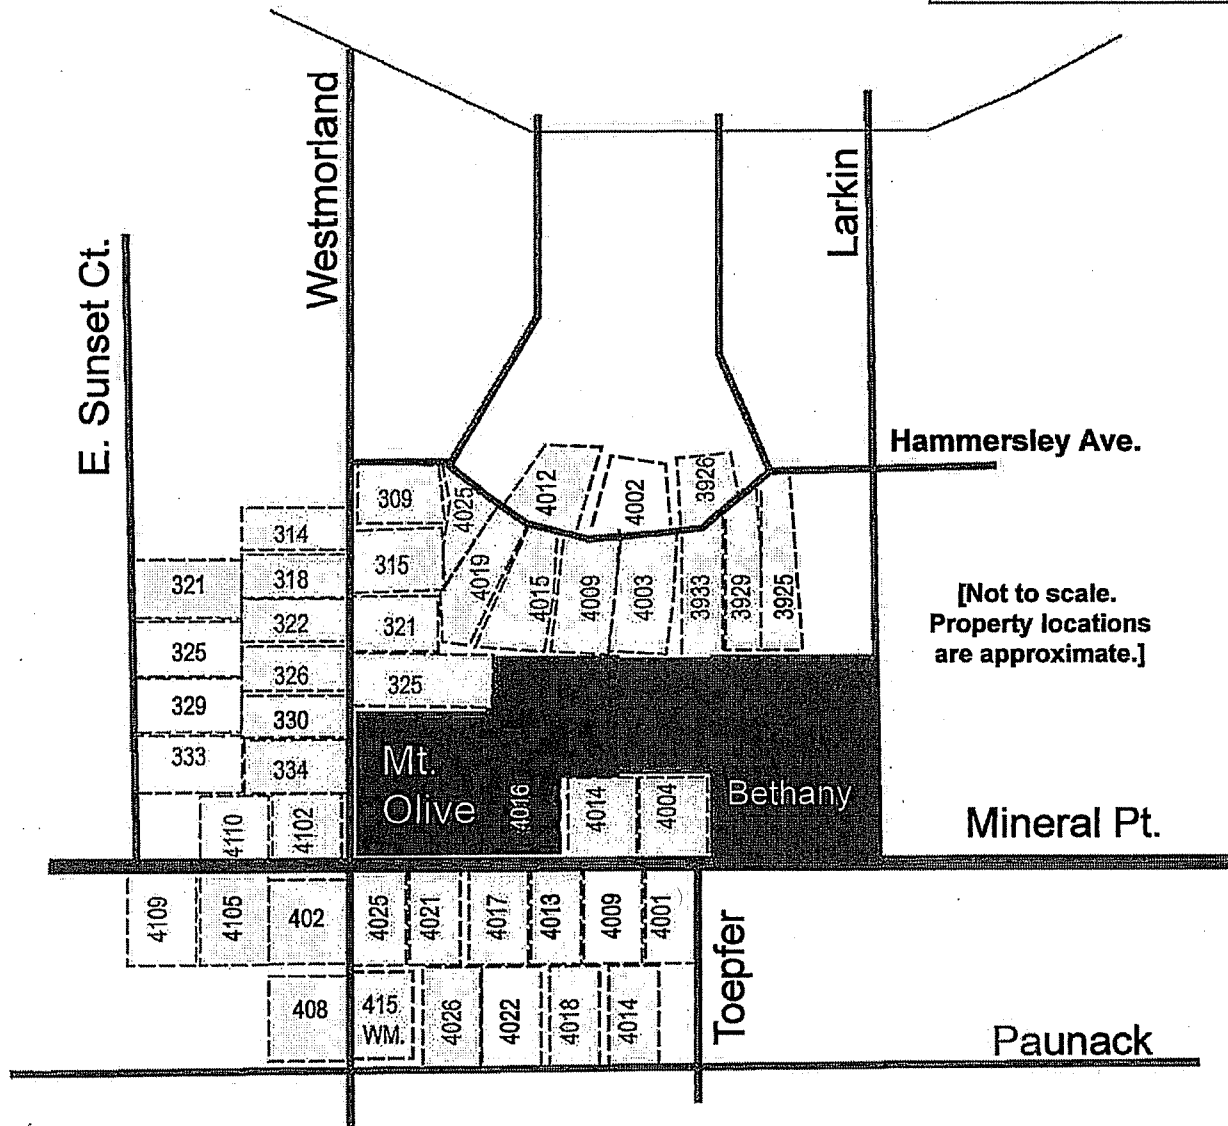

My neighbors delivered a petition to me, in which approximately 432 of them (51 from within 200 ft., representing 35 of the 44 non-church properties, and another 381 in adjacent areas) strongly endorse retaining the current low-density zoning of the Mount Olive properties. I have attached it for inclusion within background materials of the Hoyt Park Area Joint Neighborhood Plan. This petition is consistent with the qualitative and quantitative input neighbors have provided at the HPJNA general public and focus area meetings, and the referendum conducted by the HPJNA Steering Committee at the Feb. 17 Sunset Village Neighborhood Association meeting, in which over 80% endorsed a maximum height limit of two stories. This is a clear, strong statement of the large majority of neighbors' vision for this property in particular, and their community in general, which should be reflected in our plan. Thank you.

Residents within 200 feet of the former Mt. Olive property on Mineral Point Rd. who have signed a petition in favor of keeping low-density zoning

As of Aug 23, 2011

44 non-church properties
 44 people representing
 35 properties (80%) have signed the petition to keep low-density zoning

Legend

<p>--- Property identified by the city as being w/in 200 ft. of Mt. Olive</p>	<p>--- Property owners who have signed the petition</p>

Petition to Keep Mt. Olive zoning as low-density

✓

The undersigned residents who all live within 200 feet of the Mount Olive property want to keep the zoning of the former Mount Olive property on Mineral Point Rd. the same as it is now. We support low volume of traffic, low density, low level of noise and low height of buildings. The upcoming Neighborhood plan should reflect these values.

Petition to Keep Mt. Olive zoning as low-density

The undersigned residents, who live in neighborhoods adjacent to the former Mount Olive property on Mineral Point Rd., want to keep the zoning as it currently is. We support low volume of traffic, low density, low level of noise and low height of buildings. The upcoming Neighborhood Plan should reflect these values.

Petition to Keep Mt. Olive zoning as low-density

The undersigned residents, who live in neighborhoods adjacent to the former Mount Olive property on Mineral Point Rd., want to keep the zoning as it currently is. We support low volume of traffic, low density, low level of noise and low height of buildings. The upcoming Neighborhood Plan should reflect these values.
