**Subject:** Keep my crossing guard at Buckeye and Droster

Hi I am a 4th grade student at Elvehjem Elementary, I heard you are trying to get rid of the Crossing guard-- well I disagree. I cross that road almost every day with a group of about 12 or so kids. If you knew how scary it is you would agree with me. It is crazy, I know you thought that the lights would help. Nope they only help about a little -- the rest is the crossing guard. Do you know how fast those drivers are going and they don't really even notice the lights. *Please* don't walk away saying, "let's fix those lights up" because if your daughter or son was out there to you would be worried too. *Please* just keep the crossing guard.

Sincerely,

Jolie [REDACTED]
