

Planning Commission Meeting 2/4/13 - Agenda Item 10+11

I am a member of and on the board of Theta Building Association which owns 108 Langdon St.

The Board is in favor of the Theta Chi project.
The footprint and mass of the new plan is similar to what is currently there.
The exterior has been thoughtfully designed to fit in with the surrounding architecture and uses materials that allow the house to fit in with the historic buildings in the neighborhood.
This project will enhance the neighborhood.
