

MA Waiver Trips

These are for the trips that are in fact in the Trapeze Database. For the month of October, 3,879 additional DDS* trips were performed that were not in the data base (on the Long-Term Assignment Program.)

For DDS trips for the month of October 2011, the breakouts by jurisdiction - for 10,596 total database trips - was as follows. ORIG being the jurisdiction of the load leg of the trip, DEST being the jurisdiction of the unload leg of the same trip, HOME1 being the jurisdiction of the home address of the rider booking the trip ("CH") - based on automated map geocoding, HOME2 being the jurisdiction of the rider's home booking the trip ("CH") - based on the manual user input field (Unknown in that case being defined as "OOSA"**)
