

Additional parking request: South side of Potter Street for GSAFE Trick or Trot

brainj@gsafewi.org sent on 9/20/18

One thing we realized when we met that we didn't request for the south side of Potter St to also have parking removed for the event - we thought it was no parking all the time but realized it's just no parking on school days. We already requested the north side have parking removed - how can we adjust that request to include both sides of that stretch of Potter St.? – Brian
