Dear Commision,

I live in the southside near the Park street corridor and I have been able to experience and see first hand how the automatic pedestrian phase has increased safety and comfort for users crossing Park st at Buick St. I have not see any traffic jams or congestion at all.

Same with Wingra Creek and Fish hatchery Rd. All users got used to the new set up and now drivers have the practice of expecting walkers and bikers to cross.

Please consider leaving those intersection as they are now.
Thanks,

--

Best regards,

Pepe Barros Hoffens (He/They)
