Subject: 609 Gorham Project - Leg. ID 09778

Dear Mr. Firchow,
Please forward this message to the Plan Commission.

The Tenney-Lapham Neighborhood Association supports the Conditional Use application for 609 East Gorham Street to convert the building from a rooming house to a 6 unit apartment building. Mr. Matty presented his plans to the TLNA Council on 4/2/07. TLNA finds the project to be a very worthy undertaking that is consistent with the goals of the Tenney-Lapham Neighborhood Plan for improving the quality and maintenance of housing stock. The project is also sensitive to the historic value of this building as part of the Fourth Lake Ridge historic district.

Sincerely,
Patrick McDonnell
President,
Tenney-Lapham Neighborhood Association
