**Subject:** Oppose Proposal to Make Forest Hill Cemetery a Dog Free Park

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Board of Parks Commissioners,

I heard that the Board of Parks Commissioners is considering making Forest Hill Cemetery a dog free park, and I would like to share my opposition to this change. Forest Hill Cemetery is a beautiful, peaceful park where dog owners should be able to walk with their controlled, on-leash dogs.

I do understand that some may be worried about animal excrement on or around graves. Would recommend signs on-site indicating need for: leash, staying on trails, NEED to pick up dog poop, and request to treat those resting here respectfully.

Given that I have heard that adults/teens are playing frisbee in the cemetery, allowing dogs to walk there seems way better/respectful and totally fine.

Thank you,

Alex SKlansky

**Subject:** Forest Hill Cemetery Should Remain Dog Friendly

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Please consider keeping Forest Hill Cemetery dog friendly.

Prohibiting dogs at Forest Hill would be a serious hardship for me and others like me. I do not see how it would provide a comparable benefit to anyone.

I frequently care for my daughter's rescue dog, a dog with genetic aggressive and neurotic tendencies. When taking this dog for a walk, if she comes close to strangers or other dogs she will try to attack them. It is often difficult to restrain the dog in these situations. Extensive dog training, dog owner training, and medical treatments of the dog have not changed this behavior.

We can not safely exercise this dog at any of the wonderful Dog Parks in Madison. It is very difficult to walk this dog on Madison's city streets, because it is difficult to avoid coming close to people or other dogs on the sidewalks.

When we walk the dog in Forest Hill, we can see other people or dogs approaching in time to avoid them. On city streets, we sometimes don't see them approaching or cannot get off of the sidewalk in time to avoid the dog lunging at and trying to attack other people or pets.

Raising and caring for a rescue dog such as this is very difficult. Prohibiting dogs at Forest Hill Cemetery will make that much more burdensome and difficult for me and people like me.

For these reasons, please consider keeping Forest Hill Cemetery dog friendly.

Thank you, Patrick Sheahan, 1106 Valley Stream Drive, Madison WI.

**Subject:**

Hello,

My name is Brock Knoble, and I live at 3624 Speedway Road, directly across from Forest Hill Cemetery. I am writing in regards to the meeting on November 9th about making Forest Hill a dog free park. I strongly oppose changing the status of this park. The cemetery is a beautiful park filled with rich history that is enjoyed by lots of people and their pets. It would be a shame to exclude people from walking their dogs through the area.

My wife and I regularly walk in the park, and while we do see people walking their dogs (both on our walks and from our living room), it has never been a bother to us and it has never seemed like there was an excessive amount of people walking their dog there to begin with. Furthermore, we rarely ever encounter incidents where pet owners have failed to clean up after their dogs.

In conclusion, please keep the park as is, it helps the cemetery feel more like a beautiful green space and less like a cemetery.

Thank you,

Brock

I support keeping Forest Hill Cemetery's dog-friendly status. I often walk my leashed dog on the roads running through the cemetery, which is near my home and where my mother is buried. I occasionally see other dogs, also being walked along the roads. I have never seen a dog there that was unleashed or poorly behaved. I urge you to continue to allow this beneficial and low-impact use of Forest Hill.

Thank you for your attention.

To whom it may concern,

I am in opposition to changing the dog status at Forest Hill Cemetery and/or Glenway Woods.

I have enjoyed peaceful walks and jogs through Forest Hill Cemetery and Glenway Woods almost every day, twice a day, for the last thirteen years or so. I almost always encounter wildlife including cranes, foxes, turkeys, squirrels, and hawks. I have seen deer prints too. In fact, I encounter far more wildlife than people.

In all of these visits and interactions, I have not witnessed any behavior that would suggest the need for a status change.

Let's strive for rules and ordinances that create the best and most-inclusive Madison we can be!

- Josie Meyer

Hello,

Tom Woitinek and Tara Paredes from 3718 Ross Street. We unfortunately cannot make the meeting tonight. Please consider leaving the area dog friendly. Doges make life good.

Thanks for listening, Tom and Tara

**Subject:** Agenda item 74470, 11/09/2022, Dogs in parks

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Greetings, commissioners:

I am writing regarding the dogs in parks item on the agenda for this evening's meeting.

I appreciate the write-up for the agenda item. I agree that the dogs in parks policy has gone smoothly.

The park that is nearest my house is Forest Hill Cemetery. I support the continuation of its status to be dog friendly. I was pleased to see that comments to date have run 103 to 20 in favor of dog friendly status.

The four legged companions that live with me are cats. They do not leave the house, although the screen porch provides them with an almost outdoor experience.

My experience with Forest Hill Cemetery is as a route to get from the southwest commuter trail to Speedway near my house, which is near Glenway and Hillcrest. Usually this is on bicycle from my place of employment in downtown Madison. On other occasions I walk through the cemetery to get to Monroe Street.

I enjoy encountering dogs with their humans when I am in the cemetery. I do not find their presence to be disruptive. I note that the cemetery is, for others as it is for me, a passageway and not entirely a destination. Thus, to remove the dog friendly status would result in creating a great difficulty for people with dogs to get from my neighborhood to the Monroe Street area.

For these reasons, I respectfully request that Forest Hill Cemetery continue in dog friendly status.
