Safety and Security Plan for the UW Homecoming Parade

First Aid and Emergency Response Procedures

Approximately 50 UW-Homecoming Committee members will be located at street closure areas and along the parade route to help with crowd control before and during the event. These members will also monitor cars entering and leaving the closed streets. If an emergency occurs, members are to call Stacy Day on her cell phone. Her number will be provided to all members before the event. Stacy will then contact the appropriate parties. If the emergency is life threatening, Homecoming Committee members will be instructed to first call 911 and then contact Stacy. A first aid kit will be located in the Wisconsin Alumni Association, 650 N. Lake Street. If needed, a Homecoming Committee member located in the building will drive the kit in a vehicle to the appropriate member.

Designated "Lost Child" Area

If a child is lost, a Homecoming Committee member is to stay with the lost child and call Stacy. Stacy will then have a vehicle pick up the child and bring him or her to the Wisconsin Alumni Association, 650 N. Lake Street.

Plan to Communicate Information to Staff and Volunteers

Safety and security plans for the parade will be communicated during a mandatory UW-Homecoming Committee meeting. Members will receive a packet of information at this meeting with the parade route and street closures. On the day of the parade, Homecoming Committee members will check-in at the Wisconsin Alumni Association and receive any additional information they may need including contact information for Stacy and the other Parade Committee members.

Plans for Crowd Control

People barricades manned by Homecoming Committee members will be used in the major sections of State Street to keep people on the sidewalks and out of the streets. Traffic barricades will be set-up at intersections to block traffic beginning at 3:00PM for staging. These barricades will remain in effect until the end of the parade. This ensures the safety of the crowd and the parade participants.

Alcohol Containment

UW-Police Officers will be available during the parade for any alcohol related incidences. Any UW Student Organization or parade participant found using alcohol before or during the parade will be disqualified from judging and removed from the parade.

Clean-up and Recycling Plan

Participants are responsible for disposing of their floats properly and must have their floats dismantled by 9:30pm. Trash containers will be located on the corner of Langdon Street and Lake Street for participant use.

Homecoming Committee members will clean up any signs placed for parade use (including meter bags and staging numbers).
