City Clerk:

The application the Tip Top Bar wants to extend hours of the patio from 10:00 PM to 12 midnight on Friday and Saturday night. That would not be good it already is too noise being open till 10:00 PM every night. This is a residential area and they don't take that in to account. Why do we have to listen to all the people closing car doors and loud talking and some times yelling because they are so drunk and don't care about the people in the neighborhood.

I hope the City of Madison take that in to account also. It's very sad that we have to put up with all the business that come here makes have these problems.
