

Default Meeting Mode for LRP for 2022 –

As you know, we've been operating on the assumption that all meetings will be virtual through the end of 2021. Council Leadership have decided that they would like each body to vote on what they want their default mode to be for 2022 – in person or virtual. Therefore I have placed an item on the Nov 17 agenda to decide what is best for the LRP. Committee staff will then be able to move forward with reserving rooms or scheduling zoom meetings.

As a reminder, once a default method is established, the body should continue regularly meeting that way. This will help avoid any misunderstandings from the public about how to attend meetings of that body. If a BCC needs to change their meeting method from their default method, they should update the location of that meeting occurrence in the Legistar calendar at least two weeks – preferably a month – in advance.

Please note, there will be no hybrid (i.e. combination of virtual and in-person attendance) meetings until June 2022 at the earliest, and this is dependent on budget support for the necessary resources.
