**City of Madison Child Care Assistance
 Proposed 2014 Income Eligibility Guidelines**

02/12/14

The City of Madison Child Care Assistance income eligibility guidelines are used to both determine eligibility and in calculating a client's assigned family share (co-pay).

These income eligibility guidelines are based on 185% of the federal poverty guidelines (FPG). Applicants earning less than the established 185% FPG are eligible for and referred to WI Shares Child Care Subsidy program.

The 2014 federal poverty guidelines were published 01/27/14 and the Child Care Assistance program is proposing to update the current eligibility guideline accordingly. The Community Development Division recommends adjusting the current guideline to the new 2014 guideline. Adjustments in the future will be considered annually based on the publishing of federal guidelines.

Updating the guideline will decrease the families out of pocket cost and increase the City of Madison's commitment. This increase in commitment is projected in the Child Care Assistance budget.

The tables listed below are set at 185% of the established Federal Poverty Guidelines.
