PUBLIC COMMENT

None

DISCLOSURES AND RECUSALS

None

NEW BUSINESS

Saint-Hyacinthe, Que. digester and the Biomethatech digester technology

Dreckmann showed a power point presentation on the Saint Hyacinthe digester and on the technology from Biomethatech. Of particular interest was a German installation that seperates organics form mixed MSW. This would not require a seperate organics collection. It could also mean poorer quality material and lower value for compost.

DISCUSSION ITEMS

Changes to the curbside recycling program 1/1/12

Dreckmann discussed the changes to the curbside recycling program that will take place with the change in MRF contract on 1/1/12. Added to the collection program will be plastic bags, pots and pans and small metal appliances, steel paint cans, and many additional plastics.

Al Schumacher Retirement

The Committee thanked Al for his service to the City and the Committee.
