to Larry, Eken, me

At its meeting of June 4, 2015, the Eken Park Neighborhood Association (EPNA) approved a motion stating that it does not object to expanding the seating area of the Tip Top Tavern into the area formerly used as a barber shop with the understanding that the expansion will be as described by owner Benjamin Altschul at the meeting. The key points are that the capacity would be 99 persons and there would be no separate entrance to the new seating area.

There were discussions regarding whether there were parking problems or noise problems related to the existing facility and those present at the meeting who live closest to the Tip Top felt that there were no significant issues.
